PRAGUE, July 10 (AP)—Czechoslovakia withdrew tonight from the European economic conference.

President Serves Notice of Veto on Bill to Cut Taxes

WASHINGTON, July 10 (AP)—President Truman gave advance notice today that he intends to veto the new Republican-backed bill to cut income taxes $4,000,000,000 annually effective Jan. 1. He told a news conference that he sees no reason to change his attitude on tax reduction if congress sends him the same bill he vetoed several weeks ago. The new measure, which has cleared the house and is now before the senate, is a carbon copy of the previous bill except that the effective date for the tax-cutting is six months later.

On other domestic matters Mr. Truman said:

1. He has no thought at this time of calling congress back into special session this fall to consider European aid legislation.

No Special Aid Message

2. He has no intention of sending a special message to congress on Secretary of State Marshall's plan for European economic recovery.

3. He has no plans now for a cross country trip this fall, as urged by officers of the Democratic national committee.

4. He still favors the proposed Missouri river valley authority patterned after the TVA, but said this would not take care of the immediate problem of flood control in the midwest.

States Conference

Mr. Truman also said he would confer with congressional leaders Monday, particularly about the problem of displaced persons in Europe. He recently asked congress to admit a "substantial number" of

Soviet Sphere Nations Reject Parley on Aid

PARIS, July 10 (AP)—A boycott of the European economic conference by virtually all states within the Soviet sphere developed today as Hungary joined Bulgaria, Romania, Yugoslavia and Poland in rejecting a British-French invitation to meet at Paris Saturday.

With today the deadline for replies, attendance by at least 15 of the 22 invited nations was certain. Only two nations in the Russian sphere, Finland and Albania, remained to be heard from.

Albania Follow

Albania was expected to follow the lead of Russia, whose foreign minister, V. M. Molotov, opposed the plan for economic cooperation in three days' secret talks last week. Observers said there was only a 50-50 chance that Finland would accept.

Hungary's council of ministers announced after a long session that "Hungary regrets it cannot participate in a conference in which all the big powers do not take part together." To some observers, the decision was a surprise, because of Hungary's grave economic condition.

Poles "Look to U. S."

A Polish government spokesman in Warsaw, commenting on Poland's rejection of the bid, told a news conference the Poles still looked to the United States, principally, to supply what would be necessary to rebuild the ravaged nation.

Poland recently sent notes to envoys of the four big powers expressing Poland's [illegible] plan [illegible] in [illegible]

Truman Given 'Effect' Report On Coal Pact

WASHINGTON, July 10 (AP)—President Truman received from his economy advisory council today a report appraising the possible effects of John L. Lewis' new coal contract on the cost-of-living.

Dr. Edwin G. Nourse, chairman of the three-man council, said the report will be discussed with the [illegible] cabinet at [illegible]

Coal Cost Considered

"Does it take into consideration the new coal wage contract and its possible influence on the wage-price spiral?" Nourse was asked.

"Oh yes, we are awake," Nourse replied. "We read the papers."

The question referred to the new contract Lewis has signed with bituminous coal operators in behalf of his 400,000 United Mine Workers. It gives them their highest wages in history.

No Truman Comment

Mr Truman at his news conference declined comment on the agreement, saying it was a matter between the mine owners and workers.

The administration showed no signs of reopening the mine wage controversy by proceeding against the operators under the Taft-Hartley labor act as Representative Hartley, R., N. J., declared it could do.

The co-author of the union curb measure insisted in a house speech late yesterday that the contract provision under which the mine owners agree not only to check off union dues but initiation fees and assessments as well is a "clear violation of the act."

Russ Blamed For Poland's Rebuff of Aid

WASHINGTON, July 10 (AP)—Poland's refusal to attend the Paris conference on the Marshall plan was blamed by Eastern Europe officials today on Russia's "iron control."

At the state department some surprise and disappointment was expressed over the decision reached in Warsaw last night. This arose from the fact that the Polish embassy here had declared more than two weeks ago the Warsaw governments' "adherence" to the Marshall plan for European recovery.

Moreover there was no doubt among officials most familiar with conditions in Poland that the country actually would be greatly benefited by joining in a general reconstruction program and that it could contribute to recovery, especially through proper use of its coal resources.

What Russia stands to gain by barring Polish cooperation and that of such other eastern European countries as Bulgaria, Hungary, Romania and Yugoslavia is a much debated question here.

Knowledge of the Marshall proposal—with its promise of American help—is believed to have spread rapidly through eastern Europe. The assumption here is that ordinary people there must regard it as a means of improving their conditions and that they will judge harshly Russia's denial to them of the benefits of economic cooperation.

Wallace Declares Soviets Should've Entered Aid Plan

NEW YORK, July 10 (U.P.)—Henry A. Wallace said today that Russia should have joined in the Marshall program of aid to Europe but that the program still can bring world peace if it is carried out "in the spirit in which it was offered—aid to all nations."

That, Wallace wrote in the New Republic, is up to congress, which he called "the key to world peace."

"As long as our Republicans live in blind fear of social progress in Europe and at home, the danger will persist that the good contained in the Marshall program will be turned into evil," he said.

"Congress owes it to the world to pass a joint resolution declaring that American aid will be offered on these terms:

"It is available to all peace-loving peoples; it is based on the necessity of increased production and higher living standards; it is free from political interference by America; and it is to be administered, wherever possible, by agencies of the U.N."

Training Advisors Biased, CIO Says

WASHINGTON, July 10 (U.P.)—The CIO charged today that the special presidential commission which recommended universal military training was "biased from the very beginning" because it did not represent opponents of peacetime conscription.

Kermit Eby, CIO education and research director, told the house armed services committee that universal training would only take the United States "on the same disastrous path taken by the countries of Europe."

Urging defeat of the training program, Eby said the cause of peace would be better served if the money involved were given to the various cultural agencies of the United Nations.

Most Utah Mines Have Begun Work

PRICE, Utah, July 10 (U.P.)—It appeared certain today that all Utah coal miners would be back on the job within a day or two.

Three more mines—those of the Utah Fuel Company—were reopened today. They were the Sunnyside, Castlegate and Clear creek mines.

Yesterday the Columbia, Horse canyon and Kaiser company mines were opened.

Officials of other coal companies said they were prepared to reopen either this afternoon or tomorrow morning. Union officials said they were waiting only for official word from headquarters that contracts had been signed before going back to [illegible]

'Discs' Photoed in Michigan

These "flying discs" were photographed by Albert Weaver at Pontiac, Mich., when he and two companions saw them. The trio said the discs traveled about 100 miles per hour and were about 150 feet high. Weaver reported them to be about two feet in diameter and approximately two inches thick at edge, rising to four to six inches in center, with apparent holes in the objects. His companions agreed on his observations. (NEA telephoto)

"Flying Disc" Seen June 17 At Murtaugh

MURTAUGH, July 10 — Another report of a Magic Valley resident seeing a "flying disc" was received today when Mrs. Clyde McFarland said she and her daughter saw one of the "flying somethings" on June 17.

Mrs. McFarland said her eight-year-old daughter came running into the house and asked what was that "big white thing in the sky."

"I went out scanning the sky and saw what appeared to be a large flat silver-colored object with vapor pouring around and behind it for a great distance," Mrs. McFarland said. "It came straight down at a terrific speed and for a great distance, then leveled off and eventually disappeared in the distance, casting off bright rays at intervals. It was in sight for about one-half hour."

She said she had just returned from a trip to Seattle and now realizes that the object she saw was a "flying saucer" and not a meteorite, as she first believed.

'Jokers' Have [illegible]eat Fun on 'Flying Discs'

By United Press

Practical jokers continued to have a high time with flying saucers today as the navy advised the more serious minded "eyewitnesses" that what they saw in the sky were only weather observation devices.

It cost the navy $25 to assure itself. Lieut. Rell Zelle Moore, naval air station aerology officer, launched a "rawin" weather device in a $25 "operations saucer" at Atlanta, Ga.

Calls Swamp Paper

As the helium-filled balloon carrying a tin-foil screen soared over Stone mountain, calls poured into Atlanta newspapers reporting "flying disks." The screen looked like a round aluminum disk at a high altitude.

Russell Long, North Hollywood, Cal., construction engineer found a 25-inch metal disk with radio tubes flashing and smoking in his flower garden and excitedly called the fire department. "It looks like someone went to a great deal of trouble for a joke," said Battalion Chief Wallace E. Newcombe of the Los Angeles fire department.

Rewards Hit $8,000

A Philadelphia department store raised the total rewards offered for an authentic flying disk to $8,000. It's newspaper advertisements said it would give $5,000 for a flying disk to add to "the most complete assortment of saucers in Philadelphia."

Previous rewards of $1,000 each offered in Chicago, Los Angeles and Spokane, Wash., had no takers.

Elko Grass Blaze Breaks in 2 Parts

ELKO, Nev., July 10 (U.P.)—A roaring grass and brush fire broke into two parts today when the two fiery prongs were racing out of control in two directions but the city of Elko was no longer in any danger.

Deane Mahan, district fire supervisor for the bureau of land management, said additional bulldozing equipment had been thrown into the fight but that the blaze broke out of control.

However, Mahan said that the future path of the fire depended entirely on the wind. So far, he said, there had been no brisk winds in the area such as those yesterday which fanned a small brush fire out of control and sent a wall of flames racing southward to threaten the city.

Hearing Open on Mail Rate Boost

WASHINGTON, July 10 (AP)—The interstate commerce commission today opened a hearing on a general railroad petition for a 45 per cent increase in the mail pay rate, despite strong objections by the post office department.

Postmaster General Robert E. Hannegan told the commission yesterday he believed there should be a general audit of railroad books before an increase is considered.

The railroads are contending that the mail pay boost is necessary to meet increased operating costs.

Awaits Results

BOISE, July 10 (U.P.)—Aviation Editor Dave Johnson of a Boise newspaper today awaited return of a roll of color film from San Francisco where it is being processed to determine whether he was able to photograph a speeding "round and black" object he sighted near Boise yesterday.

Johnson was flying near Boise at 14,000 feet when the object skidded across the sky ahead of him. He was able to aim his 8MM movie camera at it and expose about 10 feet of film.

Arrests Vary For Pair Held In Car Cases

Further investigation was being made Thursday by Twin Falls county sheriff's deputies into the story told Wednesday night by Charles Leslie Putnam, who gave himself up to Buhl Police Officer Howard Cobb, saying that he had stolen a car. He is being held in the county jail pending results of the investigation.

Twin Falls city police are holding another man, Ronald F. Sinclair, for Caldwell authorities, who want him in connection with the transaction in which Putnam purchased the car he was driving when arrested by a roadblock.

Twin Falls police were notified at 7:50 p.m. that Caldwell authorities wanted him and the car he was driving held for them. Description of Sinclair and the car were given as well as the car's license number.

At 10:55 p.m. the car was seen in this city by police officers, who trailed it. All roads leading from Twin Falls were immediately blocked by city and state police officers and sheriff's officers from Cassia, Minidoka, Jerome and Twin Falls counties.

At 11:20 p.m., police officers apprehended Sinclair in the 100 block of Main avenue east.

U. N. Red Envoy Balks at Austria Membership Try

LAKE SUCCESS, July 10 (AP)—Russia raised firm objections in the security council today against consideration of Austria's application for United Nations membership.

However, the application was sent without vote to the council's membership committee, which also holds bids from Italy and Hungary.

Soviet Deputy Foreign Minister Andrei A. Gromyko pointed out the peace treaty with Austria has not been signed and said he could not discuss Austria's qualifications at this time.

Herschel V. Johnson, deputy American delegate, replied that it was unfortunate that a treaty which would regularize relations with Austria had been "retarded for reasons well known to the world."

Drafting of the Austrian treaty has been snarled in the long negotiations over a peace pact with Germany, with the major share of the delays generally attributed to Russian refusal to agree with other major allied powers.

Middle-West GOP Chiefs Hail Dewey

KANSAS CITY, July 10 (AP)—Missouri and Kansas Republican leaders lavished praise and attention on Gov. Thomas E. Dewey today but some of them sounded caution notes against outright endorsement now of any prospective candidate for the Republican presidential nomination.

This "wait and see" advice was construed in some political quarters as a deference to 1948 convention delegates still to be elected. But other informed sources reported undercurrents of midwest sentiment for Gen. Dwight D. Eisenhower, Sen. Robert A. Taft of Ohio and Harold E. Stassen, former governor of Minnesota, the only man who has come right out and said he wants the GOP nomination.

Dewey arrived last night from Sapulpa, Okla., where he felt the southwestern Republican pulse for three days and was reported to have found it beating in his favor, particularly in Oklahoma, Texas and Arkansas.

Man Burned, Crop Struck, Hangar Lifted as Twister Hits Area East of Jerome

One man burned to death, considerable damage was done to crops in the Hazelton area and a hangar from the Jerome airport was dumped into the highway when freakish weather struck the northside Wednesday afternoon.

J. B. Stocking, Jerome, North Side canal company watermaster, was burned to death when he was trapped by a brush fire fanned by a "twister" in the Sugarloaf area east of Jerome.

Another "twister" carried an all-metal hangar from the Jerome airport across highway 25, snapping power poles and badly damaging an airplane in the hangar.

Crops were destroyed in a narrow strip of land near Hazelton when a cloudburst and hailstorm struck that area, and 2,000 acres of grass and brush were blackened by a range fire.

Twister Lifts Metal Hangar Over Highway

JEROME, July 10—A newly-installed all-metal hangar was lifted by a "twister" that struck the Jerome area about 2:30 p. m. and was carried clear across highway 25 damaging power poles, according to Deputy Sheriff Joe Elliott.

The hangar was about 40 feet by 25 feet and was corrugated tin. An airplane, owned by Fred Stumpf, Jerome, was damaged to the extent of several hundred dollars by the high winds.

Elliott said traffic on the highway was not interrupted by the hangar as it skidded across the highway heading south and landed in a borrow pit.

The hangar was damaged considerably in its airborne journey, but parts of it were expected to be salvaged. It was removed from the borrow pit by a state highway department truck.

Elliott said the highway was not damaged. The airport is adjacent to the road and it was estimated the hangar was carried about 100 to 150 feet by the storm.

The power lines snapped by the hangar were reported to carry a potential of 6,900 volts. They were said to serve only the airport and service was restored shortly after the storm.

Crops Damaged Near Hazelton By Heavy Rain

HAZELTON, July 10—High winds, hail and heavy rains ripped out some crops through a narrow path of land Wednesday afternoon near Hazelton.

Two automobile windows in Hazelton were reported broken by the force of the wind and rain and the gutters were overflowing with rain water drainage. The storm lasted only about 10 or 15 minutes.

Leaves Stripped

Elmer E. Syne, editor of the First Segregationalist, said leaves were stripped from several bean fields and that sugar beets had suffered a little damage. All corn in the path of the storm was stripped, leaving only the bare stocks standing.

Gardens in the northwest section of Hazelton were beaten down by the storm, he said.

Quarter-Mile Path

A path of land about one-quarter of a mile wide extending from Hazelton to Wilson lake was the hardest hit. One wheat field east of Hazelton and north of the irrigation tract was reportedly hard hit and the heads of all the wheat broken off.

Virgil Cross, Jerome county agent, was unavailable this morning to give a monetary estimate on the crop loss.

FLASHES of LIFE

By Associated Press

HOMECOMING

PORT JEFFERSON, N. Y., July 10—It's something like a family reunion when Mrs. Sarah Ventieri visits Mather memorial hospital. In one ward are the three youngest of her 18 grandchildren—the sons born July 2 to Mrs. Eugene Felice and Mrs. Salvatore Ventieri, and the daughter born July 7 to Mrs. Michael Garafola.

MODERNIZE

CHARLESTON, W. Va., July 10—A new state law forbids West Virginia sportsmen from taking potshots at wild animals or birds from an airplane.

The conservation commission explained there haven't been any complaints—"we just want our statutes modern in every respect."

IMMUNE

COLUMBIA, Mo., July 10 — A young man applied to Hamilton Holt, supervisor of the veterans administration office, for $10,000 in GI insurance and explained it was a new policy, not reinstatement he was asking.

"Been in the army, bud?" Holt inquired.

"Yup, three years."

"Mind telling me how you avoided army high pressure drives during that period?" Holt continued.

"That was easy; I was the insurance officer," came the reply.

Curtain Goes up on 'Yesterdays' Displays

Twin Falls' business district will become something of a museum tonight when display windows, featuring early-day items, are unveiled as a prelude to the Magic Valley Yesterdays celebration July 17 through 19.

The Twin Falls band, directed by O. A. Fuller, will participate by moving its regular Thursday night concert to the Main-Shoshone intersection. The program at 8:15 will feature such selections as "Old Timers," "Home on the Range" and "Pleasant Recollections."

Merchants who had completed their display windows this morning were still counting on the element of surprise by covering their windows until the official unveiling at 8 p. m. A "sneak preview" revealed that some interesting displays would be opened. All articles used will be authentic, Charley Shirley, chairman of the committee, announced.

There are no set rules for the displays, Shirley pointed out. Merchants will use their own resources and ingenuity to develop pioneer exhibits.

The Twin Falls retail merchants bureau is sponsoring the window displays.

The celebration itself is under auspices of the Frontier Riding club, Inc., the Twin Falls county sheriff's mounted posse and the LDS church.

Atom Security 'Cross-Check' Plans Rushed

WASHINGTON, July 10 (U.P.) — Congress rushed plans to double check the security of America's atom bomb secrets today in wake of a startling disclosure that vital data had been removed from the Los Alamos, N. M., atomic plant by two soldiers in March of 1946.

The justice department also swung into action. It announced its intention to prosecute the two sergeants who reportedly took the documents as "souvenirs" and kept them for a full year before they were recovered by the FBI.

The justice department declined to identify the two soldiers or cite the statute under which it would prosecute. It said the question of legal proceedings still was under study.

Chairman Bourke B. Hickenlooper, R., Ia., of the joint congressional atomic committee said he believed the incident had not exposed vital secrets to "unauthorized persons." But he said his committee planned to double its security staff to bolster its "watchdog" role over atomic research.

In asking congress for more money for his committee's work, Hickenlooper referred cryptically to national and international developments of "vital importance" within the past 10 days.

'Scandal' Facing U. S. Presidency, Slaughter Avers

TULSA, Okla., July 10 (AP)—Former Rep. Roger C. Slaughter of Missouri declared today "a scandal threatens the great office of the President of the United States, and will inevitably become an issue in the campaigns which will be waged next year."

In an address before the public affairs forum of the Tulsa Chamber of Commerce, Slaughter, who was defeated for renomination in the 1946 Missouri Democratic primary by a Truman-endorsed candidate, expressed his conviction that "the President is personally an honest and honorable man."

Then he added, "however, like Grant and Harding, he has been misled by false friends, and has likewise been the victom of his own impetuosity."

"CONSIDERS SOURCE"

WASHINGTON July 10 (AP)—President Truman said today that in view of the source he isn't worried about a statement of former Rep. Roger Slaughter that a "scandal threatens" the office of the President.

Elizabeth Proudly Shows Off Fiance; Engagement Lauded

LONDON, July 10 (AP)—Princess Elizabeth proudly displayed her tall and handsome fiance, Lieut. Philip Mountbatten, to 6,000 British society leaders in a damp garden party at Buckingham palace today.

It was the first public appearance of the future queen and consort since the midnight announcement of their engagement.

King George VI, Queen Elizabeth and the younger sister, Princess Margaret Rose, beamed in the background in apparent delight while Elizabeth and Philip attracted practically the entire interest. Guests awaited through wet grass to see the young couple.

Bowing to garden party etiquette, Elizabeth wore gloves which hid the engagement ring of three diamonds set in platinum which the former Greek prince placed on her third finger.

Earlier, crowds broke through police barriers at Westminster abbey to cheer the 21-year-old princess. Best wishes came from all over the world.

Outside the vast gray palace a crowd that swelled to more than 2,000 stood in steady rain for a glimpse of "Princess Lilybet" when she left with her family for a Westminster abbey ceremony.

Hurrahs and shouts of "good luck" rang out as the royal family left in a limousine for the abbey. The slender, blue-eyed Elizabeth, sitting beside demure Princess Margaret, smiled happily and waved acknowledgment. A faint blush tinged her cheeks.

Renewed cheers arose from another raincoated crowd in front of the 900-year-old abbey, where King George unveiled a new memorial chapel to the fliers who saved the country from invasion in the battle of Britain.

The announcement of the royal engagement and speculation over plans for the wedding—the date for which is to be set within a few days — temporarily stole the spotlight from international politics and domestic economic problems.

J. B. Stocking Dies Fighting Fire in Grass

JEROME, July 10 — A pioneer Magic Valley resident, J. B. Stocking, was trapped in a brush fire and overcome by the flames shortly after 2 p. m. Wednesday in the Sugarloaf area. The blaze was believed to have been fanned by a sudden "twister" which threw a circle of flame around the helpless man.

His charred body, burned beyond recognition, was found less than 150 feet from his blazing car. Mr. Stocking was reported to have been checking faulty equipment when the fire trapped him. He left his car in an effort to flee from the fire on foot.

Mr. Stocking's body was found about 3 p.m. after the range fire he was fighting subsided. He and Charley Pyne were checking canal equipment together when the fire broke out. The two men were helping fight the blaze and became separated, according to Deputy Sheriff Joe Elliott. Because of the intense smoke and dust in the area, they were unable to see each other although they were only about one-quarter of a mile apart. Mr. Stocking wasn't missed until after the blaze was extinguished.

A search of the area was made and his body was found near his parked car.

Mr. Stocking was about 71 years old. He had held the position of watermaster for the North Side Canal company since 1917, and prior to that had been postmaster at the Salmon River tract at Hollister. He came to this area from Elizabethtown, N. Y.

Unmarried, his only known survivor is a sister, Venila Heptonstall, St. Petersburg, Fla.

Pending funeral arrangements, the body rests at the Wiley funeral home where it was taken by Coroner J. R. Wiley, assisted by Elliott.

Death Driver Asks Hearing Before Court

Ivan L. Doggett, 23, Burley, through his counsel, S. T. Lowe, also of Burley, requested a preliminary hearing when he appeared before Justice J. C. Pumphrey Wednesday afternoon on the charge of manslaughter growing out of an automobile accident last June 30 in which Mrs. Mildred Standlee of Hansen was fatally injured.

The hearing is set for 10 a. m. July 17 in justice court.

The charge of manslaughter without malice was filed by County Prosecutor E. M. Swalley, based on the coroner's warrant. The coroner's jury verdict showed that Mrs. Standlee's death occurred as result of a collision between the car in which she was driving and the machine operated by Doggett "at a speed that was greater than was reasonable and proper." Police reported that the Doggett car struck the rear of the Standlee machine while they were traveling just east of Twin Falls on the Kimberly road.

Doggett's bond was continued at $1,000.

INDIA GOVERNORS SET

LONDON, July 10 (AP)—Prime Minister Attlee announced today that Great Britain had agreed to set up a governor general for each new dominion in divided British India. They will be Mohamed Ali Jinnah, leader of the Moslem league for Pakiston, and Viscount Mountbatten, the present viceroy, for the predominately Hindu dominion of India (Hindustan).

Grazier Asks Care in Range Fire Fighting

SHOSHONE, July 10—A double warning was issued today by J. A. Keith, district grazier at Shoshone, in reporting a brush fire in Jerome county had been brought under control.

About 2,000 acres of grass and brush were burned Wednesday afternoon in the Sugarloaf area east of Jerome. Keith said the fire started along a highway in an extremely heavy growth of sagebrush about 3 p. m. It spread rapidly when fanned by a high wind. The fire started about seven or eight miles east of Jerome on the Butte road.

Keith urged the public to use extreme care in not starting rangeland fires, pointing out that one fire Wednesday undoubtedly was caused by a motorist carelessly flipping a cigarette or match from a car.

The district grazier also cautioned the public to stay away from rangeland fires, pointing out that two men experienced in fire fighting—J. B. Stocking, Jerome, and an American Falls man—have been burned to death this week.

Keith also pointed out there have been more than 40 range fires this year and that only by prompt reporting of the blazes have more serious blazes been averted. Keith said grass and brush in Magic Valley range areas were extremely dry and were providing a "tinderbox" for range fires.

The grazier also said [illegible] phone and power poles were burned in the Jerome fire.

Bill on President's Successor Ok'[illegible]

WASHINGTON, July [illegible] house passed and sent to the White House today legislation to make House Speaker Joseph W. Martin, Jr., next in line for the presidency if Mr. Truman is unable to serve his term of office.

The bill was approved by a vote of 309 to 14.

Under [illegible] succession [illegible] secretary of state, [illegible] secretary of treasury, [illegible] secretary of defense, [illegible] attorney general, [illegible] postmaster general, [illegible] secretary of interior, [illegible] secretary of agriculture, [illegible] secretary of commerce, [illegible] secretary of labor.

Steelman Out

He has no intention of naming John R. Steelman, his assistant, as head of the new conciliation service under the Taft-Hartley labor act.

Asked about the disappearance of some papers from the Los Alamos atomic bomb testing grounds in New Mexico, the President said he believed Senator Hickenlooper, R., Ia., had clearly explained the incident.

Asked about flying saucers, he said the only ones he had seen were in the newspapers.

No Coal Comment

He had no comment on the new wage-boosting contract between the United Mine Workers and the soft coal miners, saying that it was strictly a matter between the negotiators.

In the foreign field, Mr. Truman dismissed with no comment question about the arrests of communists in Greece and about the refusal of some eastern European nations to attend the Paris economic conference.

Pilot, 2 Boys Die as Plane Dives, Burns

BOUNTIFUL, Utah, July 10 (AP)—Lloyd W. Parkin, a private pilot, and two 'teen aged boys were killed here this morning when a Cub cabin plane crashed and burned on the east side of town.

According to sheriff's deputies, Parkin had as passengers in his plane two 14-year-old Bountiful boys, Ralph Rasmussen, son of Mr. and Mrs. Howard Rasmussen, and Charles Cahoon, son of Mr. and Mrs. Rolland Cahoon.

Hits Near House

The plane hit within 50 feet of the home of F. D. Ashdown, at Ninth east and Fifth south streets, the deputies reported.

The plane just seemed to nose down and keep right on coming," the deputies quoted witnesses as saying. "No one yet knows the reason for the accident."

When the plane hit the ground it burst into flames "and anybody who survived the crash itself was killed by the fire," the officers said.

Fire Fighters Rushed

Equipment from the Bountiful fire department was rushed to the scene of the accident and several hours later was still battling the flames.

The plane Parkin was flying belonged to the Modern Motors pilots, Inc., a private flying club. Parkin was a member and reportedly was an excellent flier.

Woman Injured in Crash at Oakley

OAKLEY, July 10—Mrs. Jack Tooth, Oakley, was confined to the Cottage hospital in Burley yesterday afternoon with injuries sustained when the car in which she was riding collided with an oil truck two miles north of Oakley Wednesday afternoon. A broken collar-bone was described as her most serious injury.

The driver of the oil truck, reportedly owned by the Standard oil company, escaped with minor injuries. His truck was damaged when it struck a power pole after the collision.

Reports indicate that the accident occurred when the oil truck attempted to pass Mrs. Tooth as she started to turn at an intersection. Her automobile was badly damaged as it was thrown off the road by the heavy truck.

Two Face Arson Charge in Blaze

INGLEWOOD, Calif., July 10 (U.P.)—Two Youths were arrested today on charges of starting a grass and brush fire that burned down 18 homes and left more than 200 persons homeless in the Chateworth area July 4.

The youths, Stephen Joseph Schmidt, 22, Los Angeles, and Stephen Francis Heffernan, jr., 21, Inglewood, were released on $200 bail and ordered to appear in Ventura July 16 to answer charges of violating the forest fire and fish and game codes.

Police Capt. Henry Stevenson, who made the arrests, said he understood one of the suspects owned one of the homes that was destroyed in the three-day fire. They were accused of starting the fire by firing tracer bullets from a rifle into a brush clump.

Desertion Charged In Divorce Petition

Suit for divorce was filed Wednesday in district court by Donald Felton against Meda Felton, to whom he was married Sept. 15, 1923, at Burke, S. D. The suit was filed on grounds of desertion, with Felton alleging his wife left him on May 15, 1940.

They have three children, of whom only one is dependent, a 16-year-old son, Felton asks that custody of the boy be given to his wife. No community property is involved in the case.

Felton is represented by Rayborn and Rayborn.

Columbus reported that in 1498 some Haitian cornfields were 18 miles long.

Grangers Start On Displays for Exhibit at Fair

Plans for preparation of sheaves for use in the grange booth at the Twin Falls county fair and for participation in the Pomona grange meeting Saturday came before Wednesday evening's meeting of the Twin Falls grange in the IOOF hall here.

Members were reminded to obtain necessary barley for preparation of sheaves and not to wait too long to avoid shattering if the barley becomes over-ripe.

Also announced was that the local grange, with Knull grange, will be co-host at the Pomona meeting to be held Saturday night at the Mountain Rock grange hall.

The program consisted of a reading by Kenneth Poe, group singing and relating of Fourth of July experiences of members.

Setting of the date for the grange picnic was deferred until the next meeting July 23, according to Mrs. Frank Eastman, lecturer.

Irony of Red Charge Seen As Coup Hit

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

The Greek government's announcement of a communist plot to overthrow the Athens regime acquires special significance from the fact that a few hours earlier Deputy Soviet Foreign Minister Gromyko had charged before the United Nations security council that the situation in Greece was due to Anglo-American interference and had demanded that the U. N. order foreign military personnel (meaning U. S. and British) off Greek soil.

It was in the pre-dawn of yesterday that Greek police and military made swift raids which netted close to 3,000 people who were charged with plotting rebellion against the state. Many important communists reportedly had fled to the mountains or were in hiding. The zero hour for the coup is said to have been 1 a. m. today.

Provided Drama

One wonders whether Gromyko would have delivered exactly the same speech if he had known that the Greek police were to swing into action against the reds a few hours later.

Anyway, the Soviet delegate's attack on America and Britain and his defense of communism in the Balkans provided another Gromyko drama for the security council at Lake Success.

The effect of Gromyko's fiery proposals of course must be to delay the security council in making a decision regarding the Balkan investigating commission's report.

Red Advantage

Any delay of this sort obviously would be of advantage to the red elements which have been aiming at the establishment of a Soviet in Greece. It would permit continuance of such tactics as have been employed by red elements along the frontiers of Greece's northern neighbors.

The discovery of the plot in Athens presumably has put a dent in the communist program, but it isn't likely to halt the red drive.

There are 18 cities and towns named Union in the United States.

Prepared

LOS ANGELES, July 10 (U.P.)—Bertram Colville, 75, couldn't figure how to stretch his slim income after his rent was raised from $20 to $30 a month. He apportioned part of it for a cemetery plot and sent his wife down yesterday to make a payment. While she was gone, he hanged himself.

'No Epidemic' Seen as Polio Reports Drop

NEW YORK, July 10 (U.P.)—The dreaded polio season is here and experts on infantile paralysis expressed reserved optimism today that the disease will not reach the epidemic state this year.

This time last year, the disease was raging in several sections of the country and continued in epidemic form through the summer.

Latest reports to the National Foundation for Infantile paralysis showed today that 1,200 cases had been reported since Jan. 1, 1947. A figure above the average, but far below the number reported at this same date last year.

The 1946 figure at this time was 1,852, and it grew to more than 25,000 before the 1947 outbreaks subsided.

There is really only one "danger spot" in the country today. It is Los Angeles county, which has reported 346 cases this year, an increase slightly more than a 100 over 1946.

There is also some unusual activity in the city of Whatcomb, Bellingham county, Wash. Twenty-one cases have been reported, as compared to 56 at the some time in 1946.

Officials of the foundation, knowing the uncertainty of polio-myelitis, refrained from making a prediction that the country would escape a polio epidemic this year, but they pointed to the figures, showing that the disease as of now definitely is not as widespread as in 1946.

They said the unusually cold and wet spring of 1947 might have been a blessing. Polio likes hot, dry weather. In 1946, March was extremely hot and dry, although April was cool.

GOES TO WASHINGTON

ACEQUIA, July 10 — Mrs. Charlotte Requa, Pacific Grove, Calif., has gone to Washington state after visiting her sister, Mrs. A. L. Montgomery, here.

Before the arrival of Europeans there were no domestic animals on the North American continent.

"Disappearance" Of Cave Owner Declared "Hoax"

NASHVILLE, Tenn., July 10 (AP)—State Safety Commissioner Lynn Bomar announced today John T. (Tuck) Hurn, for whom a week's search had been made in Nickajack cave at Shellmound, Tenn., had been located in New York City and that Hurn's reported disappearance in the cavern was "a hoax from beginning to end."

Bomar said John Hurn never had been lost in the gloomy, bat-infested commercial cave which had been searched by the state highway patrol, the Red Cross, national guard, Boy Scouts and scores of private parties since Hurn's brother reported his disappearance.

Hollis Hurn, who with John is part owner of the cave, still insisted today, however, that he believed John was lost in the cave when he first reported his disappearance last Tuesday.

Bomar said that instead of getting lost in many-passaged, miles-deep Nickajack, John Hurn was driven to Birmingham in an automobile July 1 and boarded a train there the next day for New York.

The commissioner said a telephone call was received today from John Hurn in New York, an hour after a statement of the affair had been obtained from an individual Bomar did not identify.

CASTLEFORD, July 10—Castleford young people attending the summer assembly near Ketchum were Ila Sample, Jean Conrad, Shirley Pettijohn, Roger McIntyre, Stanley Novacek and Bill Webb.

Old Couple Says 'Flivver Quivers' To Renew Jaunt

DENVER, July 10 (U.P.)—Mr. and Mrs. J. P. Heischer, a romantic 80-year-old couple from Seattle, were ready to take off today on the second leg of their cross country hop in their 1921 flivver.

The Heischers were bound for Minneapolis, where they plan to celebrate their 56th wedding anniversary July 27.

They made the same trip six years ago in the same red-wheeled shiny black Ford car.

The car, "Our Henry," was virtually trembling to be under way again. "He's missing only to get 'Ze' said, 'that'll ever stop Henry' wreck."

CALIFORNIANS VISIT

ORDERLY PROCESS

After congress passed the new labor law over the President's veto, it might have been hoped that the bitter and emotional debate which the bill occasioned would not be continued by labor leaders. But their angry reaction was immediate, although they should know that demonstrations, threats and general vituperation would only stir the already muddy waters and accomplish nothing *constructive*.

The new law is not perfect. We don't know that its supporters ever claimed it was. But it won't destroy the unions or enslave labor in chains, as its well-organized opposition claimed. It won't for the evident reasons that there are constitutional methods of preventing destruction and enslavement.

One reason for the law's imperfections, perhaps, is that the opposition was so unmovably opposed. We don't believe that the bill was written by the National Association of Manufacturers, as the opposition charged. But we do know that it was written with no assistance from any of the labor leaders who were questioned.

None of them admitted any unfairness or abuses in the rights or practices of union management. Any proposed change was labeled in advance as "restrictive legislation." There was a lot of name-calling, but nothing constructive.

At one point in the labor bill hearings a senator said to the AFL's William Green: "We want your help. We don't want a negative attitude." But a negative attitude was all the labor committee got from labor officials.

Another possible reason for the law's imperfections is the fact that politics and personalities were always in the background during the pro-and-con discussion. Unfortunately, issues cannot be debated and bills cannot be drafted in a hermetically sealed compartment of the mind. All the clashes between legislators and labor representatives surely did not improve the Taft-Hartley bill.

But there are two things that could be done, even if the law were as bad as its opponents say it is; even if there were not one good thing about it, as Mr. Truman thinks; even if not only Mr. Taft and Mr. Hartley but the majority of both parties who voted for their bill were maliciously bent on destroying organized labor in America.

The constitutionality of the law's provisions could be tested in the courts. If any or all of the provisions were found to deprive a citizen or group of citizens of their constitutional rights, the supreme court could overrule the act of congress.

Then there is an election 16 months away. The voters will have the duty of electing a whole new house of representatives and one-third of the senate. If the Taft-Hartley act was a denial of the popular will, the common people still have the means of asserting their rights.

SPEAKING OF NAMES

The Payette Independent-Enterprise is supporting the Associated Chambers of Commerce of Southwestern Idaho and Eastern Oregon in the organization's attempt to find a good name for the area between Boise and Weiser in Idaho and the Ontario and Vale sections in Oregon.

"The lower Snake river valley, as the area is sometimes called, is too long for good advertising purposes," says the Payette newspaper, "and furthermore, the implication in the word "Snake" with its lowliness is the exact opposite from what is to be found in this rich agricultural, industrial and scenic area.

"Somewhere, somehow," says the Independent-Enterprise, "a good name should be found that will indicate to all who hear of it, the wonder land we of this area have to live in."

All of which serves to remind us of how fortunate we are in having a name that's known far and wide—Magic Valley! It indicates a lot, a wonder land if you please, which more than fulfills everything that glorious name implies.

To the stranger, the name Magic Valley suggests something of a wondrous dreamland. To the inhabitants of Magic Valley that comes mighty close to being a reality.

DAUNTLESS AIR TRAVELERS

On May 29 an airplane crash at LaGuardia Field in New York killed more than 40 persons. The next day a crash in Maryland killed even more. Two weeks later, on June 13, there was another fatal plane accident in Virginia.

Yet the Air Transport association reports that one domestic airline broke its all-time one-week record for the week beginning June 13. And this record business was 12 per cent above that of the week ending May 29 (before the three crashes) and seven per cent over that of the week ending June 6.

If these figures are right, then we must admit we have been wrong in our assumption that a series of crackups scares passengers out of the air.

TUCKER'S NATIONAL WHIRLIGIG

BROTHERHOODS—Pierce, internal dissension has broken out within the nation's tightest and most conservative labor organization—the railway brotherhoods—over the political friendship which A. F. Whitney, head of the powerful trainmen's group, has struck up with anti-Truman leftists.

Ray Tucker

Whitney has never forgiven President Truman for breaking the 1945 railroad strike by threatening to draft union members into the army. Mr. Truman was in the midst of voicing this demand to the house when Leslie Biffle, then senate secretary, notified him that the brotherhoods had surrendered. The trainmen's head denounced the chief executive in unbridled language, and threatened to use a reported fund of $6,000,000 to defeat him for renomination.

• • •

SHOCKED—Although the railroaders likewise resented the presidential interference, they were shocked by the Whitney outburst. They have rarely participated in politics as a unit, and take pride in their reputation as one of the country's most responsible labor organizations.

Whitney's cavorting with anti-Truman and pro-Moscow radicals may lead to a wide-open split of the brotherhoods. It may also set the stage for a purge of commies in this and other unions, such as the CIO and the AFL. Most important, it may crystallize the growing demand for formation of a third party based on the lines blueprinted by Henry A. Wallace.

• • •

"REACTIONARY" — Whitney's associates charge that he has organized a personal political machine within the brotherhoods, and that he has staffed it with alleged reds at fairly high salaries. It also is asserted that most of these newcomers were drafted from outside the ranks of the labor movement.

Railroad chieftains had hoped to hush-hush the affair while they settled their difficulties with Whitney. But he aggravated them anew when he attended a recent conference of the Progressive Citizens of America at Chicago. This is the organization which is considered so radical that the Roosevelt family and Harold L. Ickes withdrew from it to form their own protest movement.

The CIO-PAC assembly denounced both major parties as "reactionary," especially the administration's foreign program and the GOP's enactment of the Hartley-Taft law. Among notable leftists present were former Minnesota Gov. Elmer Benson, former California Att.-Gen. Robert W. Kenny, Martin Popper, president of the National Lawyers' guild, and Clark Foreman, head of the Southern Conference for Human Welfare. This association was denounced as a communist front by the house committee on un-American activities on the eve of a recent meeting here which was addressed by Wallace.

• • •

REVOLT—The hard fact which the regular Democratic organization admittedly faces now, less than a year before the meeting of the two national conventions, is that the ragtail-bobtail organizers of a third, anti-Truman party are on the march and preparing to close ranks.

Under the banners and boomerangs of Wallace, they have yipped and yelled, and uttered such bombastic threats against the Democrats and Republicans in control of the White House and congress, respectively, that they will lose face forever with the American people, if they do not go through with their revolt. They begin to realize that they have jockeyed themselves into this dilemma even though numerous key leaders never had any intention of walking out.

• • •

"AGINNERS"—There will be no real cohesion or basic philosophy behind the movement. It will be only a temporary, opportunistic alliance of "aginners." It will consist of the soreheads and lunatic fringe, radical laborites, remnants of the old Farmer-Labor and American Labor parties, Wallace believers, Moscow-inspired commies, etc.

Nevertheless, and Gael Sullivan admits it, the protest faction can constitute a real threat to Mr. Truman in sufficient states to rob him of any chance of re-election.

Even if they muster only 10 per cent of the vote in electorally important commonwealths—and the usual percentage for a third party ranges between eight and 17 per cent—they can insure the election of almost any Republican nominee.

• • •

STRAIN—These midsummer aches and pains, as well as the growing animosity between White House and congress, have had a marked effect on the normally good-natured President Truman. He is beginning to show the strain which legislative, executive and political responsibilities impose on the chief executive of the United States.

He has shown signs of snappishness toward visitors from out of town and from capitol hill. He resents their advice or receives it with grim silence. Indeed, many have remarked on his resemblance to FDR, who always assumed the attitude toward bringers of bad news or suggestions that "papa knows best."

Quite naturally, after almost two years as head of the world's greatest state, he has begun to feel and exercise his power. He exhibited this tendency in his sharp vetoes of the tax reduction and labor measures, and in his denunciation of the so-called "real estate lobby". With understandable exasperation, he has modified his original get-firm attitude toward Moscow until it is now an avowed, get-tough policy.

Congressional wits, albeit still friendly toward him, epitomize the transformation with the question: "Where has our Harry gone?"

VIEWS OF OTHERS

LIMOUSINE TO ALASKA

Up in the country that the Northwest Mounted and "Rose Marie" made famous, hardened Canadian prospectors and stock growers and timber men are lamenting the invasion of softies in closed cars—but many are hastening to build gas stations and tourist courts to take advantage of a new opportunity. Those with short vacations will have to reach Alaska by plane; but the 1,600-mile Alaskan highway, now open the year round to civilians, offers an attractive route for those wishing unusual scenes and able to travel at a leisurely pace.

The scenic road to Alaska built during the war for military use doesn't offer the smooth pavement to which Texas motorists are accustomed; but it has a good gravel surface, sturdy bridges, wide curves and a grade of more than 4 per cent. Those who have gone over it say it is kept in excellent condition by the Royal Canadian Engineers and is well equipped with hotels and service stations. Buses run three times a week, and travel in private cars is increasing.

Now that Alaska seems in sight of statehood, many Texans may want to have a look at the place that threatens to nose ours out as the biggest state. Plenty of big game can be found on the road north—grizzlies, moose, elk and other animals. One man counted four black bears as he made a thirty-five-mile drive out of Whitehorse one evening. But if Alaska exceeds us in space and forests and grizzlies, Texas can retain the championship for tall tales.—Dallas Morning News.

YO HO! AND A BOTTLE OF RUM

Admiral Halsey says in his life story in the Saturday Evening Post that he has "never been convinced of the wisdom" of the order Secretary Daniels issued in the first World war forbidding officers to bring liquor aboard a ship.

The admiral says: "To a man who has just had a tense, hazardous flight or a wet watch, there is no substitute for a lot of sound spirits, as the royal navy well knows."

For a lot of other things, too, there is no substitute for a lot of sound spirits. We do suggest, however, that if liquor is permitted on battleships again, it be permitted not for officers only, as was the case before Secretary Daniels issued his order. If it is permitted at all, it should be for enlisted men as well as officers, which is the rule in the royal navy.—Dallas Morning News.

Engineers are working to eliminate that which distracts auto drivers. But the wife may insist on going along.

POT SHOTS

DISCE

Dear Polso:
I notice that the "flying discs" have been seen in, all but five states. I can account for reasons on four of them but the offer has me stumped.

"Flying discs" haven't been reported in Nevada, Rhode Island, Mississippi, New Hampshire and North Dakota.

People in Nevada are too busy watching poker chips and flying dice to see any "flying discs." People in Mississippi talk so slowly they wouldn't have had time to report it yet. If the discs go as fast as the Wrigley commercial, they have rarely participated in politics as a unit, and take pride in their reputation as one of the country's most responsible labor organizations.

North Dakota? No self-respecting "flying disc" would be seen in that state.

BABY TALK

Little Donnie is a patient at the state tuberculosis hospital in Gooding. On July 4, the dietitian, Rosemary Shuler, prepared extra favors for all the patients.

When his nurse brought in the tray the following conversation took place:

Donnie: "What's this for?"
Nurse: "We're celebrating today."
Donnie: "Why?"
Nurse: "Because we are free."
Donnie (gleefully): "I'm four. How old are you,"

DEMOCRAT'S ESCAPE

Pot Shots:
A couple night ago I say a flying object like a big star over the Minidoka project going from the northeast to the northwest at great speed. I came to the conclusion it was the ghost out of a Democrat getting out of this inferno and seeking greener pastures on Mars.

NOT MUCH LEFT

Pot Shots:
Notice the ad on the T-N social page that bathing suits and sun suits will be 20 per cent off at a local store.

Hmmm! That would be a very revealing show if the bathing suits are anything like the ones I've seen some Twin Falls gals wear. I don't believe the remaining 80 per cent would cover all the bare essentials.

FAMOUS LAST LINE
. . . Shall I pay my bills or go fishing?

GENTLEMAN IN THE FOURTH ROW

BOB HOPE

The New York transit system has just installed a new million-dollar aluminum subway train, complete with air-conditioning, sound-proofing and a lush job of interior decorating. A sort of five-cent Super-Chief.

Bob Hope

The engineer, of course, is a Harvard man. And he wouldn't think of stooping to toot his whistle at a passing train. He simply writes a letter to Emily Post asking her what to do.

The new train has special doors that won't slam on you like the old ones. They're lined with marshmallow and gently squirt you with perfume.

And the women won't have trouble anymore getting seats. It's not that the men are polite. They're all in the club car.

In New York 5 o'clock isn't rush hour anymore. . . it's teatime. If a guard gets rough with you and pushes you out the door it isn't because the train is too crowded. . . you simply forgot to wear your carnation.

The new train is really sensitive about riding the same route as the lowly locals. In fact, there's a special attachment on front that disinfects the tracks.

And no one has to worry about hanging on to a hand strap. . . the carpets are so thick you can't reach them!

They caught a guy sleeping on the new train and when they questioned him they found out he wasn't a bum . . . he just couldn't stand going back to his old-fashioned apartment.

LEGAL ADVERTISEMENTS

NOTICE OF THE SALE OF LAND BY THE TWIN FALLS HIGHWAY DISTRICT

NOTICE IS HEREBY GIVEN, That in accordance with the terms of a resolution adopted by the Board of Commissioners of the Twin Falls Highway District, on June 21, 1947, as appears by the minutes of the meeting of said commissioners, regularly held on the said date, the Twin Falls Highway District will offer for sale to the highest bidder, at public auction, that certain parcel of land owned by the District and situated in Block 2, Kimberly Townsite, in Twin Falls County, Idaho, as follows: Beginning at a point which is the Northwest corner (NW) of Lot 23, Block 2, Kimberly Townsite, thence east along the north boundary of Lot 23 for 137.5 feet to the northeast corner of Lot 22; thence south along the east boundary of Lots 22, 21 and 20 for 79.0 feet to the southeast corner (SE) of Lot 20, thence in a northwesterly direction parallel with the center line of the State Highway for 141.0 feet to the Northwest (NW) corner of Lot 23, which is the point of beginning, and containing 0.11 acres, more or less.

TIME AND PLACE OF AUCTION

The auction will be held on the 2nd day of August, 1947, at the office of the Twin Falls Highway District on the second floor of the building at 126 Shoshone Street East in the City of Twin Falls, Idaho, at the hour of 2:00 P. M.

TERMS OF SALE

The sale will be made to the highest bidder at such auction for cash, upon acceptance of bid, but no bid will be received for such land unless such bid is equal to or in excess of the minimum price set by the Board in the sum of $40.00. All bids must be unconditional.

The land may be inspected by any interested person.

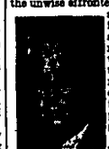

By order of the Board of Commissioners of the Twin Falls Highway District.

STUART H. TAYLOR,
Secretary.

HOW THINGS APPEAR FROM PEGLER'S ANGLE

NEW YORK—Most union publications are much less honest in their dealings with their members than the Pattern Makers' Journal, even though the journal has had the unwise effrontery to tell the rank and file that there is an issue of life and death in the new provision which forbids unions to use their money to pay for campaign literature and other political propaganda.

Westbrook Pegler

The pattern makers are not men who cut paper dolls into dress patterns. They are an aristocratic trade of great skill who make wooden facsimiles of ship's propellors and mock-ups. There are only about 13,000 of them in the country. Because they are so few, they have no political influence in the AFL, which is too bad because they are cleaner and more dignified than any other AFL union in the country. I doubt that they are so stupid as to believe the propaganda fired at them in their journal.

The International Teamster for years has been a personal publicity organ for Dan Tobin, the president. There are times when you might think Tobin was God's understudy. I just took down a number at random. It is the Nov., 1944, issue. This *is the table of contents:*

"Truth about the Statler brawl; naval officers drunk, witnesses say; Roosevelt and Tobin to broadcast; Dewey would kill social security; picture of Dewey crashing a picket line; conscription is essential to peace; GOP helped business—into bankruptcy; New Jersey AFL unions unanimous for Roosevelt."

• • •

The Statler brawl occurred at a drunken rout given for Roosevelt by Tobin in the 1944 campaign. It was described appallingly by Merriman Smith, the U. P.'s White House man, in his book two years later but was not described by the press at the time. Smith told us that some of the teamsters were disgustingly drunk but we find Mr. Tobin's personal organ withholding that fact from the 900,000 members of the union who are compelled to pay for the paper.

"Roosevelt and Tobin to broadcast" needs no emphasis, but "Dewey would kill social security" was a deliberate lie intended to deceive the members and to enhance Tobin's personal position with Roosevelt.

The picket line which Dewey crashed was planted by a union which for years has been dominated by communists and Dewey was merely keeping routine engagement. On the other hand, Tobin, himself, had published a general order in the guise of an editorial entitled "Go Through Those Picket Lines."

This was a service to his chief, Roosevelt, when Roosevelt was annoyed by strikes in the war industries. The political quality of this other two titles needs no elaboration.

The teamsters seem to be the dumbest of all our people.

• • •

Throughout the war The Pilot, of the National Maritime union of the CIO, carried many pictures, seldom fewer than five, of Joe Curran, its president who then followed the line of the communists. The Pilot was his own paper and Curran could do no wrong. It formerly reported outrageous penalties against American seafaring men, some of whom were set on the beach for 99 years for petty altercations with other sailors, usually Negroes.

They were the sort of friction that constantly occurs in close quarters under tension. The union was so partial to Negroes that it came to be known among sailors as "colored men's and communists' union, in which a non-communist white man must watch his step very carefully. These court-martial penalties were so outrageous that presently The Pilot stopped printing them.

In New York, Trade Union service, Inc., owns 15 union papers, published by and for 15 separate CIO unions whose policies seldom conflict with those of the leading spokesmen for the communist movement. The statement of ownership required by law has revealed that the stockholders are Corliss Lamont, the son of Thomas Lamont, of J. P. Morgan and company; James Waterman Wise, the son of Rabbi Stephen S. Wise, Frederick Vanderbilt Field and William Osgood Field.

All these have been cited many times by the Dies committee and its successor, the new, permanent committee on un-American activities.

Corliss Lamont seems to be on excellent terms with his father, whose position thus seems to me to have been ambiguous and mysterious for several years. The Fields represent Vanderbilt money, a tired fortune left from the enormous and more or less ill-gotten money of a decadent and pathetic family, noted more for its casual marriages and shocking divorces in the last 60 years than for any other activity.

• • •

The 15 union papers published by Lamont's son and his associates sell for from a nickel to 18 cents and in most of these unions the members are, directly or indirectly, compelled to receive this propaganda as an obligation of membership. Thus, the published propaganda is a penalty inflicted on these workers by the union policy of the Roosevelt government and this is a condition which the Pattern Makers' League would now defend and in the future maintain.

A few weeks ago, I quoted a fulsome tribute from Dave Beck to Dave Beck, who in the northwest is Dan Tobin's satrap over the teamsters and, in the country at large, is Tobin's rival.

One of Beck's group tried to kill off Tobin's national publication during the war, ostensibly as a patriotic gesture to save paper. Tobin continued it because this was a fine medium for his own propaganda and the mailing list remains an up-to-date roster of the membership and record of their addresses.

As a paper it is, of course, substandard, but subscription is a penalty of membership and this political weapon is paid for by the rank and file. Of course it never prints a word of disrespect for old Dan and up to this time Beck has been likewise immune.

However, now that Beck's rivalry for the presidency is coming into the open it may be necessary for old Dan to find some fault with his former protege. Meanwhile, however, Beck's own paper, The Washington Teamster, has been building him up and there is no apparent limit to the fellow's gall, or to the impositions to which the rank and file will, or must, submit.

Of course, some private publishers, capitalists, have extolled themselves and assumed oracular qualities and angelic virtues in print. The difference, however, is that they do this either with their own money or with borrowed or promoted money. That is private enterprise.

The Roosevelt-union coercive combination forced people to join and then forced them to pay for the support of publications which lied to them, concealed crimes against them by the gangsters in charge, praised rogues, vilified honest men and used their money to campaign for candidates and propositions which they detested, all in violation of their fundamental rights as citizens of the republic.

None of the rank and file objected to this law against the misuse of union money for politics and propaganda. Only the union bosses objected because only their interests

Crowd Views Tiny Tractor Display Here

During the war the jeep was built for a variety of jobs under tough conditions.

Taking a hint from the versatility of the jeep, the International Harvester company has developed a small tractor built for a variety of work on small farms.

Ten of the little tractors were demonstrated on a piece of land on Blue Lakes boulevard north Wednesday afternoon by the International dealers of Magic Valley.

The tractor was built to do all the jobs on a small farm from breaking the ground before planting time to mowing the hay when it's ready. To make their demonstration complete, the Magic Valley dealers also displayed equipment used in tending crops not common in this area.

Before a rain flurry scattered the crowd into automobiles and under trees, an estimated 350 persons watched the "cubs," as the little tractors are called, being put through their paces.

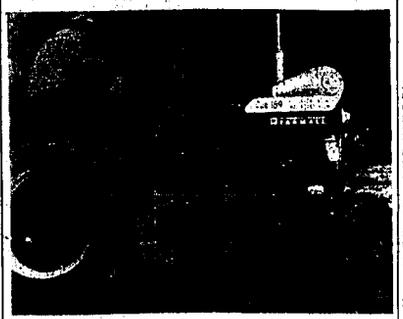

Those interested were given the opportunity of driving the machines and boys not yet in the teens were managing them and their equipment.

Built along the lines of the conventional tractor, the tractor is only inches higher than the waist of the average man.

Music from a mobile public address system and cold drinks were supplied to the onlookers by the Magic Valley dealers.

Concerns sponsoring the demonstration were McVey's, Inc., Twin Falls; the Buhl Implement company of Buhl; Farmers' Implement company, Jerome; Hudelson Implement company, Gooding; and Chisholm Bros., of Burley and Rupert.

Small but Powerful

Shown in action breaking land with a 12-inch moldboard plow is one of the 10 International Harvester "cub" tractors demonstrated before some 350 persons Wednesday afternoon in Twin Falls. The display was under auspices of Magic Valley dealers to show the many farm uses to which these small machines can be put. (Staff photo-engraving)

Liquor Theft Probed

BOISE, July 10 (AP)—Investigation of the theft of a safe containing $300 and four cases of whiskey from the state liquor store in Council, Ida., contained today, Seth Harper, superintent of the state liquor dispensary, reported.

Harper said the safe was anchored to the floor with a chain but that in the future all liquor store safes will be placed in cement blocks.

Rupert Lions See Ski, Hunt Movies

RUPERT, July 10—Films on skiing and pheasant hunting in Idaho were shown at the recent Lions club meeting. The films were taken by *the Standard Oil* company.

William Powell was presented a membership pin by President Estes Rowlands. Larry Laughridge, Twin Falls, was a guest.

Two recent fathers, William Gruger and Gerold Stanley, were presented gifts by the club.

Experts Clash Over Plan on Snake Power

LEWISTON, July 10 (AP)—A majority of witnesses appearing at an army engineers' hearing here yesterday called for development of the middle Snake river for power purposes. However, strong opposition was voiced to giving the middle Snake development priority over already authorized dams on the lower Snake river.

Col. O. E. Walsh of Portland, district engineer, presided at the hearing attended by 160 delegates.

Unless additional major power generating facilities are installed, a serious power shortage may develop in the near future in the Pacific northwest, said Mark L. Nelson, army engineer staff member.

He said the proposed Hell's canyon and Mountain Sheep dams on the middle Snake river probably would be "logical solutions" to the utilization of the power potentialities of the middle Snake as well as develop fully other water uses such as navigation and flood control.

Power needs of the Pacific northwest make the construction of Hell's canyon dam within the next 10 years necessary, R. J. Newell of Boise, regional director of the bureau of navigation, told the group.

He said the department of interior believes power will be needed in the not too distant future from the Wolf creek or Mountain Sheep dam in the middle Snake river, but "they cannot be considered until Hell's canyon is constructed."

Newell added that there is no objection to Hell's canyon dam from a fishery viewpoint.

Construction of Hell's canyon dam at the earliest possible date followed by building of the Mountain Sheep dam was urged in a joint statement for the Granges of Idaho, Oregon and Washington.

Leverett Davis, Boise, appearing in behalf of the Idaho State Chamber of Commerce, expressed opposition to the construction, contending it would have an adverse affect on mining in the canyon district.

Payette Lakes Lots Opened for Leasing

BOISE, July 10 (AP)—The opening of 60 to 70 new lots for lease in the Payette Lakes area is planned by the state land board but the 125 applications on file will take up all the available ground, the agency said today.

Opening of the lots is planned under an expenditure of $5,000 for surveying the whole future recreational development of the lakes area. The money was provided by the legislature and the board approved its use yesterday.

None of the new lots will have lake frontage but public beaches will be available to leasees, the board said.

Take It Away for $465

We don't know how it happened, but somehow we suddenly got too many bike tires and tubes in the regular balloon 26x2.125 size. Surely someone can use them at $1.19 for the tires and 89c for the tubes.

Once they were hard to get, so our buyer got a little too enthusiastic and bought entirely too many bed rolls. Single and double sizes. It's right in season too, but they still aren't moving fast enough, so we're selling them at 25% off regular price.

741 Enter 25 Units of State Guard Set-up

BOISE, July 10 (AP)—The Idaho national guard on July 1 totaled 741 officers and enlisted men in 22 ground and three air units, John Walsh, state adjutant general, said today in his annual report marking the end of the fiscal year.

The ground forces numbered 112 officers and 484 enlisted men while the air units included 39 officers and 106 enlisted men, Walsh said.

Walsh said the war department authorized strength for the Idaho guard was 80 units with a total of 5,976 personnel.

Valley Units Approved

Units which have been inspected and approved for federal recognition include:

183rd infantry—Headquarters and headquarters company at Twin Falls with Col. H. G. Lauterbach commanding; first battalion headquarters and headquarters company, Twin Falls; company A, Buhl; company B, Burley; company C, Gooding, and company D, Rupert. Second battalion headquarters and company H (heavy weapons) at Pocatello. Third battalion headquarters at Idaho Falls.

Armories Big Problem

"Our chief problem in Idaho," Walsh declared, "is one of armories. Many communities have signified interest in the formation of the national guard unit but the difficulty of constructing armories is a serious obstacle at the present time."

Walsh said two bills pending in congress to grant federal aid to states for the construction of armories "do not appear to have much chance for the enactment by the present congress."

How True!

BOISE, July 10 (AP)—An anonymous U. S. treasury department employe came up with the solution to the great American disc mystery today.

Said he:

"They're really nothing more than the good old American dollar which has become so greatly inflated and is flying so high out of reach as to be unrecognizable."

Youth Conference Set in Sawtooths

BUHL, July 10—Two annual Presbyterian young people's conferences will be held in the Sawtooth camp grounds 10 miles north of Ketchum the latter part of this month, the Rev. Max E. Greenlee, chairman of the conference planning committee, announced.

The senior high school group will be at the camp July 15 to 22 and the juniors' camp will be held July 22 to 29.

Deans of the camp will be the Rev. Edgar E. Toeva, Aberdeen, for the senior high contingent, and the Rev. Harvey W. Harper, Jerome, for the juniors. Registrars are the Rev. and Mrs. D. Gregory Reid, Hazelton. The vesper speaker for this year is the Rev. Dr. Robert Steele, president of the Westminster college, Salt Lake City. Music will be under the direction of the Rev. Martin Crabb, Burley. Mrs. Donald B. Blackstone, Twin Falls, will be in charge of the book store.

Faculty includes Dr. John W. Anderson, dean of the College of Idaho, Caldwell; the Rev. Donald B. Blackstone, Twin Falls; Charlotte Warren, teacher at Wasatch academy, Mt. Pleasant, Utah; Dr. J. Willis Hamblin, Pocatello; Sherman Funk, Owyhee mission, Nev.; the Rev. Stanley T. Banks, Parma; and Winifred Himes, director of religious education, Presbyterian church, Boise.

Reich 'Navy' Clearing Sea Of Its Mines

BREMERHAVEN, Germany, July 10 (AP)—The Wartime job of clearing mine fields is still under way, the responsibility of 20,000 blue-clad Germans who are known in this seaport as "fishermen of death."

Hundreds of small wooden vessels are roving the coasts of Germany and Denmark to make the sea lanes safe again.

Forty thousand mines already have been destroyed in that area of the North sea. Most of the German-planted mines have been wiped out.

Unknown Thousands

What remains is an unknown number of the thousands of allied acoustic and magnetic mines dropped in German waters during the war.

The dangerous job is being done by the German mine sweeping administration, under British control.

Crews of the little sweepers are entirely German — most of them former sailors in the German navy.

Uniforms Described

The "enlisted men" wear uniforms similar to those of an American soldier, but of navy blue with a matching "overseas" cap. "Officers" wear officer-type visor caps and insignia denoting rank. The ranks, however, are described by British officials as "administrative" rather than "navy."

Lest anyone presume a new German navy is being created, these officials assert that the major part of the mine-sweeping task will be finished and the mine sweeping force disbanded within a year.

Paul Girl Burned By Boiling Water

PAUL, July 10—Shryal Ray Hathaway, 18-month-old daughter of Mr. and Mrs. Ralph Hathaway, suffered third degree burns recently when she pulled a kettle of scalding water off a hot plate.

The hot water burned her back from the shoulder to her knees. A skin grafting operation is expected to be done as soon as the burns heal.

MANY NEVER SUSPECT CAUSE OF BACKACHES
This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Install New Officers

Mrs. Corine Paul was installed commander in the DAV auxiliary in the organization's installation service held Wednesday evening in the auxiliary room of the American Legion hall.

Mrs. Vernon Lawson was installing officer and Mrs. William Weinberger was conductress.

Other new officers are Mrs. Doris Stradley, senior vice commander; Mrs. Frank Horeja, junior vice commander; Mrs. W. C. Stone, chaplain; Mrs. Robert Stradley, adjutant; Mrs. W. R. Wolter, treasurer; Mrs. John Balsch, jr., sergeant-at-arms; Mrs. Irene Lekey, patriotic instructor, and Mrs. T. M. Knight, musician.

Plans were made for the 15th anniversary birthday party of the local group to be held at 8 p. m. July 23 at the home of Mrs. E. L. Rayborn. A no-host dinner will be served at 6 p. m.

A summary of the state convention held in Lewiston in June was read and all annual reports were given to meet national requirements for a unit citation.

The next meeting will be held Aug. 12 at the Legion hall.

Cupid Rough on Marine's Ranks

Idaho girls are death on single marines, according to the testimony of T/Sgt. Elzy Kees, mobile unit recruiter now in Twin Falls. Sergeant Kees related this tragic news while staring dreamily at a picture of the Idaho girl who is to become Mrs. Kees in October.

"Some of these girls even know how to cook," the sergeant, a California native, declared incredulously. He went on with his tabulation of the good marines who had swallowed this home-cooked bait.

Total casualties in southern Idaho number at least an even dozen in the recruiting service alone, Sergeant Kees explains. Twin Falls girls accounted for at least three of these.

"T/Sgt. Howard Solheim is the last of the line," he added hopelessly, and he has 14 more days in Twin Falls."

Social Situations

THE SITUATION: Your child wants to go and play with a neighbor's child who has been left for the afternoon in the care of a baby-sitter.

WRONG WAY: Let your child go to play with the other child, expecting the baby-sitter to look after both of them.

RIGHT WAY: Realize that it isn't fair either to the sitter or to the mother who left her child in the sitter's care to burden her with looking after an extra child.

Weddings, Engagements

Nysingh-Hamilton

WENDELL, July 10 — Margaret Hamilton, daughter of Mr. and Mrs. W. L. Hamilton, Wendell, and Johan Nysingh, son of Mr. and Mrs. W. Nysingh, Caldwell, were united in marriage in a nuptial ceremony performed at 2:30 p. m. Friday, July 4. The Rev. Asmond Maxwell of the Methodist church officiated at the double ring ceremony which was performed in the garden of the Hamilton home.

The bride chose for her wedding ensemble a brown gabardine suit with white accessories. She carried a bouquet of white daisies and pink carnations.

Dorothy Hamilton, sister of the bride, was bridesmaid and wore a yellow two-piece suit and carried a bouquet of white daisies and pink carnations.

A lattice work decorated with pink roses flanked by baskets of blue delphinium and Madonna lilies formed a background for the bridal party.

Give Vocal Solos

Preceding the ceremony Mrs Faeth Eaton and Mrs. Asmond Maxwell presented vocal selections accompanied by Marjorie Everton, who also played the wedding march.

The bride was given in marriage by her father. Dean Hamilton was best man.

Mrs. Hamilton, mother of the bride, wore an afternoon dress of rose crepe with white accessories and a corsage of pink carnations. Mrs. Nysingh, mother of the bridegroom, wore navy blue with white accessories and a corsage of pink carnations.

Immediately following the wedding a reception was held with Mrs. Hugo Caldwell in charge of arrangements. The three-tiered wedding cake was decorated with pink rosebuds and a miniature bride and bridegroom and was cut in traditional style by the couple.

Serve at Reception

Mrs. Thelma Webb poured at the coffee service and Mrs. Joyce Caldwell presided at the punch bowl. Mrs. Sam Hamilton, grandmother of the bride, served the wedding cake and was in charge of decorations for the reception.

The bride attended Wendell schools and Nampa business college. She has been employed at the Chase Motor company in Nampa during the past six months.

The bridegroom is a graduate of the Caldwell schools and served in the navy. He is now attending business college where he is studying to be an accountant.

The couple left on a 10-day wedding trip to Reno and other Nevada cities and will return to Nampa to make their home.

Mrs. Pickle and Mrs. Dan Rogerson assisted the hostess in serving refreshments.

We, the Women

By RUTH MILLETT
NEA Staff Writer

A recent Gallup poll reveals that eight out of every ten veterans want to be their own boss rather than work for someone else.

Behind most of those men who have decided they would rather assume all the risks of going into business for themselves rather than say "Yes, sir" to a boss the rest of their lives there is probably a woman egging them on.

During the war years wives of servicemen got just as fed up with having their husbands moved around like men on a checker board as did the men themselves.

Uncle Sam was a boss a man couldn't talk back to—so war wives scrambled around making one home after another so long as their husbands were in the U. S.

So the talk of wives back in the war years was "If Joe ever gets out of the army—I hope he'll go into business for himself. I'm sick and tired of being told where and how I have to live."

Fed up With Orders

This security of a steady job may have looked good to Joe's little woman once, before she got completely fed up with having Joe take orders.

A private boss, of course, wouldn't have as much say-so over her life as Uncle Sam. But a private boss can keep a man in one spot.

But if a man's his own boss, his wife can do a little of the bossing herself. And there's one other little matter: she doesn't have to kow-tow to any Mrs. Boss.

Sunshine Circle Meets

Mrs. Pearl Iron entertained members of the Sunshine Circle club at a meeting held Wednesday afternoon at her home. Thirteen members answered roll call with "How I Spent the Fourth of July."

During a short business meeting conducted by Mrs. Frank Krueger plans were made for a potluck dinner to be held at 7 p. m. Tuesday, July 15, at the home of Mrs. Bessie Sims.

The white elephant was furnished by Mrs. Elva Olson and won by Mrs. Lillian Armga.

The program was arranged by Bill Iron. He presented Virginia Byer who played two violin solos accompanied by Mrs. Olson. Miss Byer wanted two vocal selections accompanied by Miss Byer and discussed the books and literature of America. He concluded the program with an original composition on "Peace."

Refreshments were served by the hostess assisted by Miss Byer.

Celebrate Birthdays

Mr. and Mrs. G. Tets, 453 Third avenue east, will hold a joint birthday celebration this evening at their home. A dinner party will be held in honor of the event.

Each year the couple gets some large item for their home. Last year they obtained a frigidaire and other years received a stoker, water softener, and washing machine. This year they have had to postpone the receiving of their gift, a car, because of the scarcity of the item.

Monday evening they were honored at a party at Twin Falls by Mr. and Mrs. Albert Boone, Hansen. Twenty guests attended the party. Croquet was played during the evening.

Plan Annual Picnic

Plans for their annual fried chicken picnic were made by members of the Mentor club when they met Wednesday at the home of Mrs. M. T. Anlauf.

The picnic will be held July 27 at the Noel Bailey home at Berger.

Reports of the first district federation convention were given by Mrs. Roy Joslin and Mrs. O. F. Brann. Mrs. H. Hailey, Colorado, was a guest at the meeting. Refreshments were served to the 10 members attending the meeting by the hostess.

RETURN TO KENDRICK

ACEQUIA, July 10—Mr. and Mrs. Jasper Nutting and family have returned to their home in Kendrick after visiting here with his mother, Mrs. Serena Nutting, and family.

Divorces Granted Three at Hailey

HAILEY, July 10—Three divorce decrees were issued when Judge D. H. Stuphen held district court in the Blaine county courtrooms.

Lucile Isabell Haines was granted a divorce from Lester F. Hanes, whom she married in Hailey Oct. 8, 1935. Charges were cruelty. There were no children and the property settlement gave lot 8, block 12 in Ketchum, the 1940 Chevrolet pickup and the coal business in Ketchum to the defendant, while he agreed to pay plaintiff $2,000 alimony in monthly installments of $50. Mrs. Hanes was allowed to resume her maiden name of Lucile Isabell Rathbun. Plaintiff was represented by Attorney Sherman Bellwood.

Jack Morton was awarded a divorces from Helen Morton on grounds of cruelty. The couple was married at Parsons, Kans., Sept. 29, 1944. There were no children and no community property. Mrs. Morton, who is employed at Sun Valley was allowed to resume her maiden name of Helen Day. Plaintiff was represented by Attorney Sherman Bellwood.

Ruth Z. Johnstone was awarded a divorce from Ransom B. Johnstone, who is now employed at Spokane, Wash. The couple was married at Blackfoot, April 30, 1918. Charges were cruelty. Custody of the two minor children, Ray L., 15, and Lyle J. 9, was awarded Mrs. Johnstone, who was represented by Attorney Sherman J. Bellwood.

Overbaugh-Mangino

BUHL, July 10—Theresa Mangino, daughter of Mrs. Josephine Magners, Los Angeles, Calif., became the bride of W. H. Overbaugh, son of Mr. and Mrs. C. R. Overbaugh, Los Angeles, former residents of Buhl, in a ceremony performed Saturday, June 21, in Los Angeles by the Rev. Father William O'Regan of St. Aloysious Catholic church.

The bride wore a wedding gown of traditional white and carried a bouquet of red roses. As a token of sentiment she wore an old gold cross. She was given in marriage by an uncle, Fred Bell.

Maid of honor was Jean Overbaugh, who wore a gown of pink and carried a bouquet of white carnations. El Point was best man. Ushers were Charles Algnwyck, James Denman and Joe Magners.

The bridegroom's mother wore an afternoon dress of blue and Mrs. Magners, mother of the bride, wore a canary yellow dress. Both had corsages of gardenias.

Following the reception was held at the home of the bridegrooms' parents. Mary Cutrone was in charge of the guest book and Virginia Denman assisted in the gift room.

For traveling the bride wore a pink suit.

The bride is a graduate of Fremont high school, Los Angeles. The bridegroom was graduated from Buhl high school and attended the University of Idaho where he was a member of Alpha Tau Omega fraternity.

Following a wedding trip through Grand Canyon, Bryce, Zion and Yellowstone national parks the couple will reside in Los Angeles.

TITLE QUIETED

HAILEY, July 10—A decree to quiet title to lots 21 and 22, block 41, on Bullion street in Hailey, was awarded by District Judge D. H. Stuphen to Carl H. Turner. Turner was represented by attorney L. L. Sullivan.

Here Are the North and South All-Star Squads Which Battled in Pioneer League's Annual Classic at Jaycee Park

The all-stars from the three northern clubs of the league are shown sitting on the roof of the Jaycee park dugout before Wednesday night's Pioneer classic. They are left to right: Bob Roberts, Eddie Gibb, Dick Brinkey, Dave Mollitor, Louie Tamone, Walt Lowe, all of Boise; Frank Logue, Dick Walkingshaw, Earl Bolyard, who piloted the north all-stars; George Leyrer, Hal Loewe, all of Twin Falls; Ray Fannemann, Gorden Evans, Leon Haworth, George Oldenberg, Luther Tapp and Earl Silverthorn, all of Idaho Falls. (Staff photo-engraving)

Here are the south all-stars: Jim Glimpse, Pocatello; Bob Sanders, Ogden; Bob Drilling, Salt Lake City; Pip Koehler, Ogden; Jim Tyack, Pocatello; Rupert Thompson, Salt Lake City; Jim Zavitka, Ogden; Don Collins, Salt Lake City; Diamond Cecil, Salt Lake City; Dick Buck, Ogden; Bob Murphy, Ogden; Bob Thomson, Pocatello; Con Dempsey, Salt Lake City; Gene Sack, Pocatello; Vern Paredes, Pocatello; Al Jacinto, Salt Lake City; Ray Mederios, Ogden. (Staff photo-engraving)

4,177 SEE SOUTH ALL-STARS WIN, 10-2

Collins, Bees, Smashes Pair of Home Runs, Thomson, Cards, One

The north's dominance in the Pioneer league's annual all-star game was shattered last night as the Salt Lake-Ogden-Pocatello combination walloped the Twin Falls-Boise-Idaho Falls aggregation with a 10 to 2 triumph that stoned the southern defeats in every other all-star game except in 1942.

Left fielder Don Collins of the Bees powered two home runs over the 338-foot left field wall at Jaycee park to lead the southerners' offensive. Teammate Bob Thomson, Pocatello, who turned in some of the night's fielding gems, imitated Collins with a four-master over the same fence in the ninth inning.

While the south's big bats were booming, their pitching staff of Jim Zavitka, Ogden; Bob Drilling and Con Dempsey, Salt Lake City, throttled the northerner's big bats.

4,177 See Game

A paid attendance of 4,177 persons crowded every seat and sent throngs flowing out along the left and right field foul lines at Jaycee park. The turnout compared with 3,157 at Pocatello last year, officials said. The proceeds are used for general league expenses.

The first inning was hitless and scoreless as both sides went down in order.

Shortstop Thomson for the south drew the first walk of the ball game in the second inning but he was erased quickly on a lightning double play a ball off the bat of Gene Sack, Pocatello catcher. Third baseman Lou Tamone, Boise, fielded the ball swiftly and rifled it to second baseman Gordon Evans, Idaho Falls, first baseman for the north's luminaries.

Murphy Scored by Collins

Bob Murphy, Ogden's shortstop who played centerfield for the southerners, worked Dick Walkingshaw, Twin Falls pitcher, for a walk in time to be scored by Collins' first home run.

Left fielder Dave Mollitor, Boise, the league's leading hitter with a .358 average, reached first at the start of the north's half of the second inning when Zavitka, starting hurler for the south, dropped first baseman Diamond Cecil's throw. The Salt Lake first sacker made a scintillating stop of Mollitor's grounder but tossed wide to the Ogden twirler.

The threat was put down, however, when third baseman Lou Tamone, Boise, flied out to second base and shortstop Hal Loewe, Twin Falls, grounded into a double play engineered from shortstop Thomson to second baseman Ray Mederios, Ogden, to Cecil.

Jacinto Gets Double

Third baseman Al Jacinto, Salt Lake City, doubled to the centerfield wall in the third inning and scored when Mederios singled to left.

Drilling took up the mound chores for the south in the last of the third frame. After two were out for the north, Ray Fannemann, Idaho Falls pitcher, rapped out the north's first hit by singling to left. He was left stranded when centerfielder George Leyrer, Twin Falls, looked at a third strike.

Bob Roberts, Boise's top hurler, went to the pitching rubber for the north at the start of the fourth stanza. After two were out, Collins swung on Roberts' first pitch and hammered it over the left field wall.

Glimpse Takes Hill

Lefthander Jim Glimpse, Pocatello, took over the pitching assignment for the south and Vern Paredes, Pocatello, went to third base for Jacinto at the start of the north's half of the fifth inning.

Tamone worked Glimpse for a free ticket to first base and scored the north's first run. He advanced to third on a single by Loewe and raced home after the catch of Luther Tapp's fly to deep right field.

The south racked up three runs on two hits and an error in the top half of the sixth frame.

Gene Brocker, Salt Lake City, who went in at the catching position for Sack, opened the inning by swinging at a third strike. Murphy slapped a double along the third base line.

Mollitor's Error Costly

Roberts threw a wide pitch that struck Collins in the left hip. Collins was not hurt and went to first base. Buck singled over shortstop and two runs scored when Mollitor let the ball roll through him to the fence. Buck went on to third base and came on home when Roberts let go with a wild pitch.

The north pushed across their second and last tally in the last half of the sixth. Leyrer opened the frame by singling to left and moved to second when Briskey walked. Silverthorn, one of the loop's top hitters with a .347 average, rolled out to first base but Leyrer scored when Mollitor grounded out to Mederios.

At the start of the seventh inning, Leon Haworth, Idaho Falls, went to the mound for the north and Eddie Gibb, Boise, took over the backstopping duties.

Paredes welcomed Haworth to the festivities with a sharp double along the right field line. Mederios rapped out a whistling grounder that Tamone stopped with a one-hand stab and threw to first to beat Mederios by half a step.

Relegated Con Dempsey, Salt Lake, assumed the south's pitching assignment in the last of the seventh. Loewe introduced Dempsey to the scene with a single but the Salt Lake ace settled down quickly. He forced Evans and Gibb to fly out and then whiffed Haworth.

Two more runs were fashioned by the southerners in the eighth inning. Murphy flew off with a blooper single over second base and then stole second. Collins was issued a pass. Buck grounded out to Haworth but Dempsey came through with a single that scored Murphy and Collins.

Paredes ended the inning by grounding into a double play—Haworth to Briskey to Evans.

Silverthorn Dies on Base

Silverthorn singled for the north in the last of the eighth but he died on base when Mollitor lined out to Murphy.

The southerners concluded the night's scoring in the ninth inning when Thomson powered his homer over the left field wall.

Thomson is leading the league in four-baggers. His blow tonight was his 17th of the season.

Bob Sanders, Ogden's youthful relief ball pitcher, went to the pitching mound for the south in the last of the ninth. His first four pitches were balls to Tamone, who advanced to third on Gibb's single. The rally expired, however, when Frank Logue, Twin Falls, pinch hitting for Haworth, fanned at a third strike.

Jerome Wins Fifth District Legion Title

SHOSHONE, July 10—Glen Mauldin held Shoshone to one hit and struck out 13 as Jerome won, 8-1, to gain the fourth district American Legion junior baseball championship. The teams had been tied for the title and previously had defeated each other once.

Jerome made 10 hits with Iron getting a double and Lee, Block and Mauldin triples. Shoshone's lone hit was a double by the Shoshone star, Jerry Brown.

Jerome will now play the Boise district winner.

Pioneer League Attendance Here 8,491 Greater

The Cowboys drew 8,491 more fans through the Jaycee park turnstiles in the first half of Pioneer league season just closed than they did in the same period during 1946, a further check of the club's books by President Maury Doerr revealed today.

A total of 43,956 fans paid their way into the park this year as against 35,956 in the first half a year ago.

If history repeats itself, the attendance should soar well above 90,000 for the season inasmuch as the attendance was better in the second half than the first last season. Last year's total for the season was about 84,000.

On the

SPORT FRONT

With

YOSS

(The Fudgy One)

Ye Olde Sport Scrivener picks 'em up and puts 'em down at the annual Pioneer league all-star game:

The busiest gent wasn't on the ball field. He was Mr. Bob Leeright, YOSS' pick every day in the week for the league's all-star scorer, sitting high up there in the press box . . . His pencil was worn to a stub as Managers Earl Bolyard and Rupert Thompson ran players in and out.

And the happiest gent: President Jack Halliwell of the league whose face gave off nothing but smiles as the 4,117 fans poured into the stands and finally out along the right and left field lines. . . Just further evidence that HIS league—and the pudgy one caps "his" advisedly—that the league and the all-star game was a big success.

One of the league's greatest players didn't get into the game . . . You know the guy, Jack Radtke. . . He spent his time helping Cowboy President Maury Doerr in the business office. . . Just getting some more training as a baseball business manager in the Yankee chain, into which he will probably step for good after the close of this season.

Jim Tyack, the Pocatello manager who was the first base coach for the southerners, gave the fans many a laugh as he explained the decisions of the umpires with appropriate gestures.

John McGraw—yes, the great "Muggy"—often said that a good baseball player should be able to play any position. . . Bob Murphy, the Ogden shortstop, fit right into that role as he made several sensational catches as a center-fielder. . . He's YOSS' pick as the Pioneer player most likely to reach the majors.

The fielding gem? . . . Bob Thomson's one-handed snatch of Eddie Gibb's scorching liner that every one in the stands believed had a two-base clicker on it and with two north runners on the paths at the time.

Lou Tamone, at third, also came up with some dazzlers.

The gents who enjoyed the games the most? . . . That's easy . . . Umpires Zelnis, Skulik and Vogel . . . Not a decision was questioned.

And here's one that Whitney Martin of the Associated Press came up with: "The 14th major league all-star game Tuesday was the 15th, if you want to be really technical about it . . . The overlooked contest was played in Boston in 1916. . . It matched the Red Sox against a team chosen from the other league clubs in a benefit contest . . . Here was the lineup: Outfield—Ty Cobb, Tris Speaker, Joe Jackson; infield—Stuffy McInnis, Ray Chapman, Rabbit Maranville, Buck Weaver; catcher—Steve O'Neill; pitcher—Walter Johnson." . . . Now ask your old friend, Worthy Olds, who goes back way yonder in his baseball knowledge, if he can recall a greater all-star team—certainly no greater all-star outfield.

AND THAT'S THAT FOR NOW, except: Mrs "Coach" Hays of Rupert postcards the ancient word puddler this information: "Your article of Saturday, July 5, was not quite complete. The Conlin twins were eliminated in the trials of 100-meter run in the AAU meet at Lincoln, Neb. Harvie placed third in his heat and Henry fourth in his. However, both qualified for the finals of the 200-meter run and then in the finals Harvie placed fifth, winning a medal, and Henry seventh, running with a sprained foot." . . . Thanks, Mrs. "Coach" Hays for the info that the TN twice asked the AP for and didn't get.

New Outfielder For Wranglers Arrives in City

Svend "Red" Jessen, outfielder and first baseman, has arrived in Twin Falls via Beaumont in the Texas league and Ventura in the California State but has yet to sign a Cowboy contract and it is not certain that he will get into the Salt Lake City series opening here Friday night.

Jessen had been out of organized baseball for three years prior to this season.

With Idaho Falls in 1942, Jessen in 113 games scored 73 runs, made 120 hits, which included 21 doubles, nine triples and three homers, and batted in 70 runs, putting him in the first 10 in the latter respect.

Famed Skeet Shot Returns as Sun Valley Teacher

SUN VALLEY, July 10 (AP)—Carl Brandshier, one of the nation's foremost skeet shooting instructors, returned to Sun Valley yesterday after conducting classes at the famed Rolling Rock club in Pennsylvania.

Brandshier, who owns a skeet club at Palm Springs, Calif., first came to Sun Valley in 1939. He served as a major in the army air forces during the war.

Idaho Amateur Golf Tourney Begins Today

IDAHO FALLS, July 10 (AP)—Golfers from over the northwest teed off today over the rolling 18-hole Idaho Falls in a four-day bombardment of par in the annual Idaho state amateur tournament.

Golfers from Utah, Montana, Washington, Oregon, California and Nevada gathered on the local course for the annual event.

The out-of-state players had nothing but praise for the Idaho Falls links which officials have been carefully grooming for the past two weeks in preparation for the tourney.

Two local golfers, Kent Undhjem and John Morley, runnerup to the state champ last year, and a Seattle golfer, Ron Borzi, turned in the lowest practice rounds yesterday. The long slammin' Undhjem came up with a two below par 68. Morley and Borzi were not far behind with 70s.

The tournament starts today with qualifying rounds over 18 holes. The field will then be divided into flights for match play on Friday, Saturday and Sunday. Most of the matches will be over the 36-hole route, although some of the flights will play only 18 holes a match. A driving contest is also scheduled during the tournament.

The state champion, Tom Begley, Pocatello, was on hand to defend his crown.

Bobby Seebee Will Appear in Main Event

Bob Seebee, Bill Moran's promising featherweight, will appear in the main event of the professional boxing program that Veterans of Foreign Wars, assisted by the Disabled War Veterans, will stage at Jaycee park next Wednesday night, Matchmaker Bill Bell announced last night.

Bell is endeavoring to match Seebee with Frank Koto, Ogden's hard-punching 126-pounder. This will be a 10-round affair.

Bell said that an endeavor will be made to build Seebee, who won his last bout with a technical knockout, into a big time attraction and later bring some of the best featherweights in the west here to meet the local lad.

The matchmaker's plans call for five bouts and 28 rounds of boxing.

This will be the first outdoor boxing program staged in Twin Falls in many years.

NEW YORK, July 10 (AP)—Buyers returned to the stock market today and put up steels, motors, textiles and a wide assortment of special issue fractions to 2 or more points.

Considerable hesitancy ruled during the morning after yesterday's first reaction in ten straight sessions. Offerings were notably timid and trends began to harden around midday with the metals in front. Dealings quickened on the revival, slowing later as quotations wavered. There was another bulge in the final hour but volume was moderate. While many pivotals did little or nothing on the comeback, plus signs were numerous at the close. Transfers remained in the neighborhood of 1,000,000 shares.

In the advancing division were U. S. Steel, Bethlehem, Youngstown Sheet, American Woolen, Wyandotte Worsted, Lowenstein, Consolidated Natural Gas, Publicker Industries, Union Bag and Paper, Chrysler, General Motors, American Telephone, Western Union "A," Electric Power and Light, Kennecott, American Smelting, *U. S. Rubber, Deere, Philip Morris, Santa Fe* and Northern Pacific.

Bonds were narrowly uneven.

Hammett Range Fire Controlled

BOISE, July 10 (AP)—A rangeland fire which covered some 4,000 acres south of the Snake river and east of Hammett was under control today, Carlyle Smith, chief operator at the U. S. grazing service radio station here reported today. The fire was started last night by a lightning strike, he said.

Two small fires in the Mountain Home area were also under control today. The blazes started last night and were all "man caused," Smith said.

No new fires were reported today.

through coal deliveries, but regretting that the nations invited to the Paris conference would be excluded from making amendments and changes in the Marshall proposal.

Swiss "Conditional"

Switzerland, meanwhile, announced three conditions for her participation.

Sources close to the prague government said Czechoslovakia, by Moscow request, would withdraw her earlier acceptance.

Countries which have signified their intention of taking part are Austria, Britain, France, Norway, Sweden, Denmark, Iceland, Belgium, The Netherlands, Luxembourg, Switzerland, Eire, Portugal, Italy, Greece and Turkey. Franco Spain was not invited

'No Violation' of Labor Act Seen By Taft for Coal

WASHINGTON, July 10 (UP)—Sen. Robert A. Taft, R., O., today took issue with his co-author of the new labor control act and said he did not think John L. Lewis' contract with the coal mine owners was a violation of the labor law.

"I don't think it's in any way a violation of the law," Taft said at a meeting of the joint senate-house economic committee.

Taft said that the basic purpose of the Taft-Hartley labor law was to permit free collective bargaining and under it "employers and employes should be able to make any contract they want to."

Taft said that Lewis had complied with provisions of the bill connected with union security and welfare funds.

Baghdad Aggies Hope to Restore Garden of Eden

BAGHDAD (AP)—The American school for boys here is being expanded into a college to prepare Iraq youth for the task of developing barren but fertile lands along the Tigris and Euphrates, which estimates say can produce food for 70,000,000 people.

The area includes the traditional site often selected as possibly that of the Garden of Eden.

About two years ago the Iraq government asked the United States government to start a school on agriculture and sciences. As a result the American school for boys, established in 1925, was admitted to the near east college association, which has colleges in Beirut, Damascus, Istanbul, Athens and Sofia.

The school now progressing toward its new college status, was placed under the direction of Dr. Ralph Lashaum, who succeded veteran principal Dr. Kalvin Staudt.

Sophomore laboratories are to be shipped from the American university of Beirut and from the United States. Four-year agricultural study is planned at Baghdad.

Greece Coup Try Spurs U. S. Aid

WASHINGTON, July 10 (UP)—Spurred by discovery of a communist plot against the Greek government, officials moved today to get the $300,000,000 'stop communism" program for Greece underway before it is too late.

Athens reports of the thwarted uprising caused considerable concern among top U. S. officials, including Secretary of State George C. Marshall and Dwight P. Griswold, chief of the American aid project. Diplomatic sources wondered if the large-scale arrests of conspirators had wholly eliminated the possibility of a coup by Greek guerrillas.

Following a long round of conferences, Griswold said in a nationwide broadcast last night that the Greek government must be given the opportunity "to put her house in order, free from the menace of hostile forces across her frontiers."

Frauds Revealed In War Contract Termination Jobs

WASHINGTON, July 10 (UP)—Comptroller General Lindsay C. Warren reported to congress today that the general accounting office had discovered fraud in 79 termination settlements involving 107 contracts of 19 war contractors.

Warren said the cases had been certified to the justice department for action.

In addition, he said, the GAO had found evidence which "appears to warrent a reasonable belief" that at least 57 other settlements involving 61 contracts of 15 war contractors "were induced by fraud."

The report did not list the cases involved. But it estimated that the gross amount which could properly be recovered for the government would be "well in excess of $2,000,000.

Theft Suspect Waives Hearing

Henry Higgins waived preliminary hearing when arraigned Wednesday before Probate Judge S. T. Hamilton on a charge of first degree burglary. The case was bound over to district court, and Higgins' bond fixed at $1,000.

Higgins was arrested in Elko, Nev., after his description was broadcast as a suspect in the burglary of the Pastime pool hall in Castleford.

He waived extradition and was brought to the Twin Falls county jail Tuesday.

Free-Riding Cat Makes Bus Purr

PEORIA, Ill. (AP)—Cat, too, apparently want to go places in the summer vacation season.

A kitten sneaked on a bus at Pekin, but when it became too kittenish, it was put off at Creve Coeur. Disappointed but determined, the feline hitchhiker bounded aboard the next bus, curled up coyly under a seat, and continued the trip to Peoria.

Plane Patrol for Forest Fires Set

BOISE, July 10 (UP)—Plagued by man-caused fires, the Boise national forest will import a forest plane this week-end to patrol its domain in an effort to apprehend any persons who might be responsible for fires during that time.

Melvin Coonrod of the forest service office, said the latest man-caused fire burned five acres of pine in the high valley area west of Smith's ferry last night. Over the July 4th week-end, the forest reported seven man-made fires.

Under certain conditions glass is as strong as iron.

Senate Okays Restriction of Aid on Crops

WASHINGTON, July 10 (AP)—The senate passed without dissent last night legislation to restrict the department of agriculture's crop insurance program beginning with the 1948 growing year.

The bill, which now goes to the house, is designed to hold the program to counties where income from insured crops is of primary importance, where failure of the insured crop would result in economic disaster, and where a sound insurance program can be successfully operated.

One-Third Needed

The bill provides that insurance shall not be written in any county unless applications are filed covering at least 200 farms, or one-third of the farms normally producing the insured crop.

Wheat and flax insurance would be confined to counties where the income from those crops is of primary importance.

The wheat program would be restricted to not more than 633 counties, which the agriculture committee said covered the basic wheat production area.

Flax insurance would be confined to 87 counties.

Future-Crop Limit

Experimental programs would be limited to five crops, exclusive of wheat and flax, in the growing year 1948, and to not more than three additional crops in succeeding years.

Before final passage, the bill was amended to increase the capital stock of the federal crop insurance corporation from $100,000,000 to $125,000,000 instead of $150,000,000 as written.

It would not cancel existing insurance, sponsors said.

New Insecticide Reported "Good"

A new insecticide, chlordane, was effective nearly 100 per cent of the time in preliminary trials held this spring against grasshoppers, H. C. Manis, entomologist at the University of Idaho, informed County Agent Jack P. Smith.

Manis reported heavy infestations of grasshoppers were destroyed before they could ruin crops of alfalfa seed and wheat. He also said it was effective in controlling thrips, lygus bugs and alfalfa weevil that are damaging alfalfa seed crops this year.

4-H Girls to Get Medals for Work

Three 4-H club girls in Twin Falls county will receive honor medals this year for showing community groups how to use dairy products to make appetizing, healthful dishes, Dan Warren, state 4-H club leader, advised William G. Priest, Twin Falls county 4-H club agent.

One of the girls will be chosen as the best individual demonstrator and the other two as the top ranking team in the county.

Last year's state champion individual demonstrator was Myrna Campbell, Buhl.

County winners will enter the state contest and the state winners will receive $50 U. S. savings bonds.

TWO FINED

Royal Lininger, Elsie Lininger and Madelyn Rakes were each fined $10 plus joint court costs of $5.40 Wednesday by Probate Judge S. T. Hamilton after they pleaded guilty to charges of disturbing the peace. The complaint was signed by E. G. Miller.

GUARANTEED A SQUARE DEAL

DON'T

BLAME YOUR DEALER FOR THE SCARCITY AND HIGH PRICES OF AUTOMOBILES HE DOESN'T MAKE CARS AND HE DOESN'T MAKE PRICES

THE FACTORIES BUILD THE CARS AND THEY ARE DOING THE VERY BEST THEY CAN TO SEE THAT PRODUCTION IS FITFULLY SHORT OF DEMAND ALMOST WITHOUT EXCEPTION DEALERS ARE DOING AN HONEST & CONSCIENTIOUS JOB OF DELIVERING WHAT FEW NEW CARS THEY GET TO THEIR CUSTOMERS AT LEGITIMATE PRICES.

ONCE A CAR GETS INTO THE CHANNELS OF TRADE THE OLD LAW OF SUPPLY AND DEMAND TAKES OVER AND IT IS WORTH WHAT YOU CAN GET AND MUST PAY FOR IT.

THAT IS ONE LAW—YOU MAY DEPEND ON IT—THAT WILL ALWAYS BE ENFORCED.

WE WILL BE JUST AS HAPPY AS YOU WHEN THERE ARE ENOUGH NEW CARS TO GO AROUND BUT UNTIL THEN—HERE IS THE BEST THAT A VERY COMPETITIVE MARKET HAS TO OFFER.

Aspirants for President Job Flock to S. L.

SALT LAKE CITY, July 10 (UP)—Presidential aspirants began to appear around every corner here today as governors were arriving for their annual conference.

In this last pre-campaign conference, the question uppermost in many minds—especially Republican minds—was who would carry the standard in the fight for the presidency.

Two of the top Republican possibilities were to be on deck for the conference—Gov. Thomas E. Dewey of New York and Earl Warren of California. Dewey has been almost openly campaigning for the GOP nomination, while Warren, although denying his interest, has never been completely counted out of the race.

Bradford Is First

First of the governors to arrive for the conference was Robert F. Bradford of Massachusetts, who got in here last night. James L. McConaughy of Connecticut was due in today, and by tomorrow night most of the governors would be present.

Dewey and Warren will hold off their arrivals until Saturday—Dewey coming in by train in the morning and Warren arriving in the afternoon by air.

Opens Sunday Evening

Governors from 46 states, Hawaii and Alaska have given notice that they would be at the conference, which opens officially Sunday afternoon.

Formal sessions open Monday. Secretary of State George C. Marshall will address a formal banquet of governors and high Utah church and state officials Monday evening. Marshall arrives Monday afternoon by army plane.

The conference will wind up Wednesday with an executive session.

Castleford Girl Back From Youth Meeting

CASTLEFORD, July 10 — Catherine Reese has returned from Grinnell, Ia., where she attended the first national Young Women's Christian association conference.

Purpose of the gathering was to give high school youths the opportunity to discuss problems facing them today. Miss Reese is the daughter of Mr. and Mrs. Walter Reese.

Home Burned

CASTLEFORD, July 10 — The home of Mr. and Mrs. Bill Williams was damaged slightly when a firecracker was tossed onto the roof. Only minor damage was done as the fire was extinguished quickly.

His Hobby Really Bears Fruit; One Tree Produces Five Kinds

By LEONARD MIRACLE

Unabashed by the old proverb that warns against putting all your eggs in one basket, H. S. Post, Twin Falls, gives the proverb a novel twist by combining as many as five different fruits in a single tree.

There's no black magic involved, Post hastens to explain — just a grafting knife and an interest in amateur gardening and orchard work. He adds that anyone can develop the same combinations with some simple grafting. The results, however, hardly bear out his statement. A sample tree produces a crop of peaches, apricots, prunes, plums and nectarines. And the fact that some of his more novel experiments were slow in fulfilling the idea indicated that a beginner might not be so successful.

Not Big Project

Post's orchard is not a rambling affair of several acres. Originally it was only a modest back yard, but it now produces at least 30 different kinds of fruit, not to mention a large assortment of flowers and vegetables.

A tour through the area reveals some trees that have been moved a long way from their native soil. Pecans, filberts, almonds and English walnuts are doing well in Post's miniature orchard, all apparently unaware that they are not supposed to be grown in this climate. A persimmon tree, an immigrant from an eastern state, continues to grow and doesn't seem to mind the change.

Combinations Many

The variety of trees, however, is overshadowed by the combinations. For example, three kinds of cherries seem to be very much at home growing from a single trunk: six different varieties of prunes thrive under similar conditions.

The final touch in this unconventional garden is supplied by a specimen that baffles Post himself. Happy with the knowledge that he has "invented" a new tree, he is content to let it grow and "see what happens."

China Eyeing Revised U. S. East Policies

SHANGHAI, July 10 (UP)—Chinese newspaper today predicted that the United States soon would revise its policy toward China in view of developments since Gen. George Marshall left Nanking last January to become secretary of state.

The newspapers pointed to three significant factors in the Chinese situation which could have a bearing on the U. S. attitude. They were:

Nominal Changes

1—The nationalist government has undergone at least nominal reorganization with minority parties now included in the government.

2—The nationalist government has ordered a general mobilization against the communists.

3—Sino-Soviet relations have become more strained, due primarely to alleged Russian support of the communists in Manchuria and to China's inability to recover Port Arthur and Dairen from the Russians.

New Envoy to Report

According to most papers, W. Walton Butterworth, newly-arrived counsellor of the American embassy at Nanking with ministerial rank, will report to the U. S. government on the fully changed situation in China.

Two papers in dispatches from Nanking claimed that Butterworth will be appointed chief of the state department's for eastern division, which they took to presage a revised American policy.

Hattie Gochnour Dies in Burley

BURLEY, July 10 — Hattie Doris Gochnour, 21, died at 2:45 p. m. Wednesday at the cottage hospital following a lingering illness.

She was born Nov. 28, 1925, to Samuel and Lovisa Roper Gochnour at Burley. She attended schools at Burley, graduating in 1944, and attended the University of Idaho at Moscow for two years. She was a member of the SAI music fraternity and the Christian church; active in music in both civic affairs and the church.

Miss Gochnour is survived by her parents, a sister, Mrs. Shirley Lambert, Washington, and maternal grandmother, Mrs. William Roper, sr., Burley.

Funeral services will be held at 4 p. m. Friday at the Christian church with the Rev. Lloyd Balfour, pastor, officiating. Burial will be in Burley cemetery under direction of the Payne mortuary. Friends may call at the mortuary from 5 p. m. Thursday until time of the services.

From where I sit ... by Joe Marsh

Fish Bites Woman!

Willie Wells was coming home from Seward's Creek the other evening with a string of trout, when a stern looking lady (visitor at the Boxwood Inn) stops him, and tells him a man his size could be better occupied than catching fish.

Willie tells her off real good-naturedly by saying: "Perhaps you're right, but if these fish had kept their mouths shut, they wouldn't be here." (At that, says Willie, laughing out loud, she looked just as if a fish had bit her!)

Blabbing mouths never cause anything but trouble. Nobody who knew the facts would ever criticize Willie's right to go fishing on his one day off—any more than they'd deny his right to come home to a mellow glass of beer.

From where I sit, the slower we are to criticize—and the quicker we are to recognize another's tastes, the better we'll get along together — whether those tastes apply to beer or fishing.

Who's Boss?

NOTTINGHAM, England, July 10 (AP)—"I'm boss from now on," Thomas Albert Moreley announced to his wife one night.

Then, he told a judge today she:

Pushed him over a chair.
Kicked him.
Cut his arm with a knife.
Cut him under the eye with a well-aimed teapot.
Threatened to kill him.

She was fined $20 for breach of the peace.

Mrs. Glasby, 61, Dies at Hospital

MOUNTAIN HOME, July 10—Mrs. Maude Glasby, 61, died at her home here Wednesday morning after an illness that had confined her to the Twin Falls county general hospital for the past month. Mrs. Glasby had returned to her home last week.

Born Nov. 30, 1885, at Weiser, she lived at Cambridge before coming here in 1936. Her husband, John E. Glasby, is owner of the Glasby Motor company of Mountain Home.

Mrs. Glasby was a past matron of the Cambridge chapter of the OES and a member of the Miriam chapter at Mountain Home.

Survivors are a daughter, Mrs. Verna Scofield, Twin Falls; a son, John Glasby, Mountain Home; a sister, Mrs. Pearl Clabby, Weiser; four brothers, William and Charles Kiser, Weiser; George Kiser, Portland, Ore., and Joe Kiser, Huntington, Ore., four grandchildren and several nieces and nephews.

Funeral services will be held at 1:30 p.m. Friday at the Northam Jones funeral chapel at Weiser. The Congregational minister will officiate and OES rites will be conducted.

Men's Club Hears of South American Trip

CASTLEFORD, July 10 — James Shields, Buhl, told of his recent trip to South America and showed motion pictures at the Castleford Men's club meeting.

Final donations for the sidewalk project were made and it was announced the sidewalk construction is now completed.

'Beth's Betrothed Is a Man's Man and Bobby-Soxers' Ideal

LONDON, July 10 (AP)—Princess Elizabeth chose for her husband a man untold thousands of her future subjects would marry if they had the chance.

Lieut. Philip Mountbatten is a mans' man, and a boby-sozer's ideal as well.

He is tall, fair-haired, blue-eyed and has the profile of a classic Greek statue. Slightly reserved he smiles easily and says the right things to women. In naval uniform, he looks like something out of a tailor's ad.

At 26, Mountbatten has the broad shoulders that helped him become an outstanding soccer player at school. He rides a car as fast as the law allows.

Social position? Philip is a great-great grandson of Queen Victoria who was Princess Elizabeth's great-great grandmother. Until he became a British subject and renounced his title last March, Philip was a prince of Greece and Denmark, sixth in line for the Greek throne.

One thing he may lack as the perfect husband—money. He has little of his own, but his uncle; Viscount Mountbatten, has wads of the stuff, and Elizabeth's income will be for all practical purposes unlimited when she becomes queen.

Born to Queen Victoria's granddaughter Princess Alice, Philip has as complicated an ancestry as any European royal personage. His father, Prince Andrew of Greece, was a younger son of Prince William of Denmark, who accepted the Greek throne as George I in 1863.

Philip's mother, princess Alice, was the eldest daughter of Prince Louis of Battenburg, a German who acquired British citizenship in 1868 and was first sea lord at the outbreak of World war I. He changed his name to the less German Mountbatten in 1917.

Thus young Philip, taken into exile at Paris with his family at the age of one, has no Greek blood in his veins. He speaks almost no Greek, and his English has the "upper class" accent of the public school—or what Americans call a private school.

Since he was eight, Philip has been brought up in England and Scotland by Viscount Mountbatten, for many years the playboy "Lord Louis" who became one of World war II's top admirals, and later viceroy of India.

Princess Elizabeth and her sister Margaret were among Philip's childhood playmates at the luxurious Mountbatten home in London's Park lane.

RETURNED TO PRISON

Ernest L. Poulignot was returned Wednesday night to the state penitentiary at Boise as a parole violator. Sheriff's officers said Poulignot was on parole at the time he was arrested by Twin Falls police recently, in the act of burglarizing a service station here.

Soil Conservation Leaders to Meet

Soil conservation supervisors in Magic Valley were meeting Thursday in the county agent's office in Gooding to map a work program in conservation in this area, Luther Jones, district supervisor said Wednesday.

The meeting deals particularly with the conservation problems that arise in the Gooding area. That organization is newly formed, Jones pointed out, and has a large territory that presents a variety of problems.

Branding erosion as the greatest single problem in the Idaho conservation program, Jones indicated that a progressive program in cooperation with farmers could eliminate most of the damage over a period of time.

Western Top Steer Price Paid at Sale

The market was strong in all classes of livestock Wednesday as 570 head were sold at the Twin Falls Livestock Commission company sale, according to Tom Callen, co-owner.

H. C. Jones, Eden, sold a carload of steers for $28.10, which is believed by Callen to top any price in the western market.

Choice steers sold from $23.75 to $25; good steers $21 to $23; Holstein and common steers $16 to $20.50; good feeder steers $19 to $21; cull steers down to as low as $10; choice and young cows $16 to $18; good cows $14 to $15.50; common and feeders $12 to $14.75; canners and cutters $7 to $12.50; no choice grain-fed heifers were offered, but grass-fed heifers weer $20 to $22.75; common and medium heifers $16 to $19.75; feeder heifers $15.75 to $18; bulls $13.75 to $17.50; and vealers $14 to $22.50.

Pocatellan Jailed On Impersonation

HAILEY, July 10 — William W. McCollum, Pocatello, was sentenced to 15 days in the Blaine county jail when he pleaded guilty in probate court to charges of falsely representing himself as an employe of the Garrett Freight lines in order to obtain admittance to the Hailey clinical hospital.

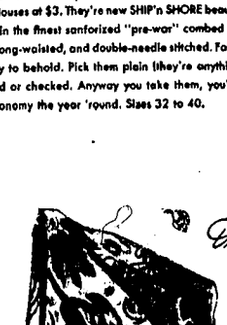

He received services to the amount of $45 at the hospital, according to the complaint filed by Sheriff L. E. Outzs.
